NARRATIVE SUMMARY

On 17 April 1975, III MAF activated the previously formed Special Marine Ships Guard for MSC shipping. This force, subsequently renamed the Amphibious Evacuation Security Force (AESF) was constituted by 3rd Marine Division units and originally organized into ten 72-man security detachments. Each detachment was comprised of three 20-man sections (two squads of 9 men each plus a two man section headquarters) and a 12-man detachment headquarters.

Elements of the AEFS deployed to Subic Bay, RP, during the period 17 to 19 April for further transfer to MSC shipping. Detachments Echo and Foxtrot deployed from Okinawa on 17 April and were subsequently flown on 18 April from NAS Cubi Point, RP, via COD aircraft to the USS CORAL SEA for further transfer by USS GRIDLEY to the USNS SGT KIMBRO and USNS GREENVILLE VICTORY.

Throughout the day of 18 April, a total of eight 72-man Amphibious Evacuation Security Force (AESF) detachments departed MCAS Futenma, Okinawa, Japan by C-130 aircraft. Destination: Naval Air Station, Cubi Point, Republic of the Philippines. By 2200 all eight detachments were embarked aboard the USS DUBUQUE (LPD-8). While embarking the last detachment, the USS DUBUQUE departed her anchorage at Subic Bay and got underway for the contiguous waters of the Republic of South Vietnam. Attached to the AESF were two medical officers, the 17th ITT (1 officer/11 enlisted), 3rd CIT (3/4), and a detachment of one officer and twenty five military policemen from the MP Company, 3rd Marine Division who remained on board the ship after the debarkation of 1st Battalion, 4th Marines. On 20 April the AESF reported to CTG 79.1 for operations and was assigned task designation TU 79.1.7.

The period from 19 thru 22 April was spent reorganizing the original ten 72-man detachments into fourteen 54-man detachments. Additionally, training was conducted for embarked detachments in key Vietnamese language phrases, conduct of evacuation operations, rules of engagement, security of vital shipboard spaces, and riot and crowd control. Detachment commanders and Staff NCOs were given detailed briefings concerning lessons learned by 1st Bn, 4th Marines during the evacuations of Cam Ranh Bay and other areas. Interviews and debriefings compiled earlier by CIT and ITT personnel were the primary source documents used in that effort.

During the early evening hours of 22 April, Detachments Sierra, Victor and Papa were deployed aboard ships designated to receive refugees; Sierra Detachment aboard the USNS SGT ANDREW MILLER, Victor aboard the SS PIONEER CONTENDER, and Papa aboard the SS GREEN PORT. New detachments Kilo, Mike, Romeo, and Quebec, comprised of sections dropped from the original 72-man detachments, were formed on 23 April. On 24 April, India Detachment was embarked aboard the SS PIONEER COMMANDER and Detachment Tango was placed on the SS GREEN FOREST.

During the transfer of detachments from the USS DUBUQUE to the various evacuee ships, all vessels were located in a holding area approximately 15 miles off the coast of South Vietnam, Southeast of the Vung Tau Peninsula.

On 25 April, November Detachment was assigned to the USS AMERICAN CHALLENGER. The following morning, the AMERICAN CHALLENGER moved to a position three miles off the coast at Long Hai and began taking on refugees.

shuttled from the beach by landing craft. By night fall, however, the tides had changed and the landing craft could no longer get close enough to the beach to load refugees. Coterminously, Long Hai came under enemy artillery fire and the AMERICAN CHALLENGER moved out to sea to await daylight and the incoming tide. During the early morning of 27 April, the CHALLENGER moved back to her original position off Long Hai and resumed loading refugees. By 2130, a total of 8,600 Vietnamese were aboard and the ship got underway for Phu Quoc Island.

On 28 April, while the AMERICAN CHALLENGER was disgorging its entire load of refugees at PhuQuoc Island, Detachment Victor on the PIONEER CONTENDER embarked sixty-eight Vietnamese refugees and one American Embassy official off the coast, east of Cam Tho. The refugees had been evacuated by Air America helicopters which had landed on the USS VANCOUVER and then shuttled to the CONTENDER by landing craft. Echo and Foxtrot Detachments, aboard the USNS SGT KIMBRO and GREENVILLE VICTORY also embarked refugees. The KIMBRO took on approximately 150 Vietnamese while the GREENVILLE VICTORY embarked one hundred and eight from a flotilla of small fishing boats.

By 29 April, the evacuation of refugees from Saigon and surrounding areas began to take on momentum. During the early evening hours of the 29th, the PIONEER CONTENDER loaded 256 Americans and Vietnamese, previously assigned to the U. S. Consulate at Cam Tho. The Consul General was among those taken aboard. India Detachment meanwhile, embarked nearly 4,000 on the PIONEER CONTENDER from a large sandbag revetted barge near Vung Tau. In the same area, the USS SGT MILLER began loading evacuees from a similar type barge and also took refugees from the USS DENVER and USS MOBILE. Detachment Tango began loading panic stricken refugees aboard the GREEN FOREST from numerous small fishing boats but was ordered to Con Son Island by Military Sealift Command before all the evacuees had been loaded. Foxtrot Detachment on GREENVILLE VICTORY, while taking aboard approximately 6,500 evacuees, took some small arms fire from several small fishing boats, but when overhead fire was returned all firing ceased and no further incidents ensued. No injuries to either Vietnamese or Marines were incurred.

On 30 April, the evacuation operation reached its apex with the eight deployed detachments loading approximately 29,000 by the end of the day. Loading operations were accomplished from hundreds of small fishing boats, revetted barges, U. S. Navy Landing Craft, and even stolen South Vietnamese helicopters. One such helicopter, despite warnings not to attempt a landing, crashed on a barge which was off loading refugees onto the USNS SGT MILLER. Fortunately, only minor injuries were sustained by a few refugees as a result of the crash. Earlier in the day, Marines on the SGT MILLER received small arms fire from a small costal freighter loaded with Vietnamese soldiers. The small arms fire ceased when a destroyer, the USS WILSON, came on the scene and ordered the fleeing Vietnamese soldiers to throw their weapons overboard. Loading operations continued without delay until impacting artillery fire from ashore was observed about three quarters of a mile from where the SGT MILLER and the PIONEER CONTENDER were anchored. The artillery fire, thought to be either 105 or 155mm, appeared to be directed at the numerous small boats leaving Vung Tau. Fifteen to twenty rounds were observed. Because of the artillery fire, all loading operations ceased and were not commenced until the four ships in the area had moved to a new location, 8 to 10 miles farther out to sea.

EVACUEE DO'S/DON'TS

BACKGROUND

1. The physical condition of evacuees is likely to be very poor, due to the ordeal they have been through and poor nourishment. It is also likely that there will be some wounded and some severe cases of exposure. As a result of the aforementioned physical conditions of evacuees, it is also likely that they will be in a very poor state of mind. Most will still be fearful and in a state of shock. It would be correct to assume that these people will be excited, afraid, in a state of panic, hungry and thirsty. Therefore, extreme caution must be used in dealing with the evacuees.
2. Respect the culture of the evacuees. You will be dealing with people from all walks of life, i.e. farmers, doctors, teachers, diplomats, and even buddhist monks. If cultural and social norms are violated, our jobs could be made a lot more difficult.
3. If security problems develop or special screening assistance is required, report the matter to your seniors. They may request assistance from CIT/ITT/MP's.

The following are DO's and DON'Ts to remember when dealing with evacuees:

- Maintain firm control at all times.
- Maintain calm among evacuees.
- Help when required.
- Be security conscious.
- Report all suspicious actions.
- Avoid direct contact with evacuees.
- Keep evacuees seated at all times.
- Report any English speaking evacuee.
- Report any individual creating dissent.
- Do not touch anyone on the head, because of religious implications.
- Do not molest any evacuees.
- Do not be rough with the evacuees, especially older people. (Elders are highly respected in this culture)
- Do not harass any evacuees and do not offend them.
- Do not permit weapons or explosives among evacuees.
- Do not permit speeches or provoking gestures.
- Do not permit fights among evacuees.

ANNEX D

TRAINING AID

PROCESSING CONCEPT

Concept of Operations

1. Processing from pier to ship (processing accomplished on pier or land).
 - a. After arrival at location, detachment commanders and CI conduct liaison with designated personnel to determine number of evacuees and categories. If possible, detachment commander establishes holding area on the pier and channels evacuees through the processing point. Processing is coordinated by CI. Search is conducted by MP's, assisted if possible by engineers with metal detectors. While in the holding area and through the processing phase, ITT explains the processing to evacuees (if Vietnamese) and advises that all weapons, explosives and potential weapons will be confiscated. Detachment commander provides personnel for admin, i.e., head-count and category breakdown.
 - b. After processing, evacuees are taken to holding areas aboard ship as designated by ship's master. Detachment commander provides security element on ship.
 - c. After loading, detachment commander is responsible for security of ship and subsequent off load.
 - d. ITT/CIT/MP's can be used aboard ship to assist detachment in determining potential problem areas, and identify trouble makers/assist in riot control.
2. Processing from pier to ship (processing on ship).
 - a. After arrival at location, detachment commander and CI conduct liaison with designated personnel to determine ^{the} number of evacuees and categories. Detachment commander establish holding area aboard ship to allow enough room for the evacuees to stage their gear without blocking access to ladder/net and ship. Evacuees are then channeled to the processing ~~area~~ point and subsequently to ship's spaces. Remainder of operation remains the same as above.

RULES OF ENGAGEMENT

GUIDANCE FOR AUTHORIZING EVACUATION SECURITY FORCE (AESF) SHIPS DETACHMENT

1. RULES OF ENGAGEMENT

A. THE GUIDING PRINCIPLE TO FOLLOW IS TO UTILIZE THE MINIMUM AMOUNT OF FORCE NECESSARY TO ACCOMPLISH THE MISSION.

B. THE USE OF DEADLY FORCE, (LIVE AMMUNITION OR ANY OTHER TYPE OF PHYSICAL FORCE LIKELY TO CAUSE DEATH OR SERIOUS BODILY INJURY) IS AUTHORIZED ONLY WHEN ALL THREE OF THE FOLLOWING CIRCUMSTANCES EXIST:

(1) ALL LESSER MEANS HAVE BEEN EXHAUSTED OR ARE OTHERWISE UNAVAILABLE, AND

(2) THE RISK OF DEATH OR SERIOUS BODILY HARM TO INNOCENT PERSONS IS NOT SIGNIFICANTLY INCREASED BY ITS USE, AND

(3) THE PURPOSE OF ITS USE IS SELF DEFENSE TO AVOID DEATH OR SERIOUS BODILY HARM TO U. S. FORCES, OR DEFENSE OF LIVES OF PERSONS TO BE EVACUATED, OR PREVENTION OF DESTRUCTION OF U. S. PROPERTY OR ELEMENT VITAL TO THE ACCOMPLISHMENT OF THE MISSION.

C. INDIFFERENTATE FIRING OF WEAPONS IS NOT AUTHORIZED, AND FIRING MUST BE UNDER THE CONTROL OF A OFFICER OR STAFF NONCOMMISSIONED OFFICER. SECURITY FORCE PERSONNEL WILL NOT PLACE MAGAZINES IN WEAPONS UNTIL DIRECTED BY THE SENIOR PERSON PRESENT. LOADING AND UNLOADING INSTRUCTIONS WILL ALSO BE PROCLAMATED BY THE SENIOR PERSON PRESENT.

2. IT IS NOT INTENDED FOR AESF DETACHMENTS TO BE EMPLOYED IN A COMBAT ROLE, HOWEVER MARINE PERSONNEL INVOLVED IN EVACUATION OPERATIONS WILL BE ARMED AND EQUIPED, AS CONSIDERED APPROPRIATE BY DEPARTMENT COMMANDERS. EVERY EFFORT WILL BE MADE TO REDUCE THE OUTWARD IMAGE OF A COMBAT SITUATION.

3. EMPLOYMENT OF RIOT CONTROL AGENTS (RCA) IS NOT AUTHORIZED AT THIS TIME. CONFISCATION OF WEAPONS AND CLEARANCE CONTROL ABOARD US-MSC SHIPPING IS AN INDIVIDUAL POLICY ESTABLISHED BY THE MASTER OF FACT US-MSC SHIP. MARINES WILL NOT BE INVOLVED IN THE ACCOUNTABILITY OR DISCHARGE OF WEAPONS OR ORDNANCE UNLESS SPECIFICALLY REQUESTED BY THE SHIP'S MASTER. HOWEVER, BE PREPARED TO OFFER TIMELY SUGGESTIONS BASED ON PAST EXPERIENCES AND PROVIDE ALL REQUIRED ASSISTANCE. MARINE SECURITY FORCES MAY INVOLVE THEMSELVES IN WEAPONS AND ORDNANCE CONFISCATION IF REQUESTED BY THE SHIP'S MASTER. HOWEVER, THEY WILL NOT INVOLVE THEMSELVES IN WEAPONS PROBLEMS NOR WEAPONS/ORDNANCE ACCOUNTABILITY.

4. GUIDANCE TO MASTERS OF U.S.M. SHIPS CONCERNING AUTHORITY, RESPONSIBILITY AND RELATIONSHIP BETWEEN MASTER AND OFFICER IN CHARGE OF THE U.S. AIRLINE SECURITY FORCE.

A. THE MASTER IS RESPONSIBLE FOR THE SAFETY OF HIS SHIP AND ALL PERSONS ON BOARD. HE IS RESPONSIBLE FOR THE SAFE NAVIGATION AND TECHNICAL OPERATION OF HIS SHIP AND HAS PARAMOUNT AUTHORITY OVER ALL PERSONS ON BOARD. THE MASTER HAS EXCLUSIVE AUTHORITY TO ORDER THE SHIP ABANDONED.

HE HAS FULL AUTHORITY TO ENFORCE APPROPRIATE LAWS OF THE U. S. AND TO EXECUTE NAVAL DIRECTIVES.

B. U. S. MARINE SECURITY FORCE: THE OFFICER IN CHARGE WILL BE RESPONSIBLE FOR THE CONDUCT, DISCIPLINE, AND PERFORMANCE OF FIVE OF THE MILITARY MEMBERS OF THESE ATTACHMENTS.

C. THE MASTER AND OFFICER IN CHARGE SHALL OPERATE FULLY IN THEIR RESPECTIVE AREAS OF RESPONSIBILITY TO ENSURE THE SAFETY OF THE SHIP AND ALL PERSONS ABOARD. THE MARINE SECURITY FORCE IS FOR THE PURPOSE OF ASSISTING THE MASTER IN MAINTAINING GOOD ORDER, CONTROL, AND SECURITY AS IT CONCERN'S REMARKED EVACUEES.

5. RULES OF ENGAGEMENT FOR EVACUATION OPERATIONS

A. IT IS NOT INTENDED THAT THE AESF BE INTRODUCED INTO HOSTILITIES OR INVOLVED IN COMBAT ACTIVITIES. REMOVAL OF UNWANTED PERSONNEL/VESSELS FROM HOSTILE FIRE SITUATIONS IS DIRECTED AS THE GUIDING PRINCIPLE TO BE FOLLOWED DURING THIS OPERATION. UNLESS SPECIFICALLY DIRECTED BY HIGH-EST AUTHORITY AESF PERSONNEL WILL CLOSE NO CLOSER THAN ONE MILE TO THE RVN.

B. SHOULD HOSTILE FIRE BE ENCOUNTERED, UNITS ARE DIRECTED TO WITHDRAW FROM THE AREA OF OPERATIONS RETURNING FIRE ONLY AS NECESSARY FOR SELF DEFENSE.

6. NOTHING IN THIS DIRECTION SHALL BE CONSTRUED AS PRECLUDING A COMMANDER FROM USING ALL MEANS AT HIS DISPOSAL TO EXERCISE HIS INHERENT RIGHT AND RESPONSIBILITY TO CONDUCT OPERATIONS FOR THE SELF DEFENSE OF HIS FORCES.

1(4) DURHAM'S ONLY METHOD OF EMBARKING ARVN REFUGEE WITH A DEGREE OF SAFETY WAS VIA THE ACCOMODATION LADDERS AMIDSHIPS. REFUGEES WILL BE TIED AND THAT THERE WILL BE SUFFICIENT SWELL OR CHOP TO REQUIRE SHIPBOARD PERSONNEL OF THE LADDERS TO HELP THE REFUGEES FROM THE BOAT ONTO THE ACCOMODATION LADDER PLATFORM, UP THE LADDER AND ACROSS THE QUARTERDECK.

2(4) FAMILY UNIT IS THE BASIC UNIT OF ORGANIZATION. AS VIETNAMESE FAMILIES DID NOT ALWAYS EMBARK ON THE SAME BOAT TOGETHER, FAMILIES VERY QUICKLY BEGAN SEPARATING. INTERPRETERS CAN HELP CALM THEM TO SOME EXTENT, EXPLAINING ALL ACTIONS WILL BE MADE TO LOCATE THEIR RELATIVES. CONTINUING AND GENTLE PRESSURE WERE APPLIED IN ORDER TO LET THEM CLEAR THE QUARTERDECK AREA TO PERMIT ADDITIONAL REFUGEES TO BE EMBARKED AND NOT BE HELD UP ON THE LADDERS. THIS IS WHERE THE COALITION ARE MOST USEFUL.

3(4) ALL WEAPONS AND ORDNANCE WILL BE IMMEDIATELY THROWN OVER THE SIDE IF FULL SIGHT OF ALL THE VIETNAMESE STILL REMAINING. REFUGEES INDICATED A GENERAL FEELING OF WELL BEING UPON SEEING ARVN REFUGEES BEING DISPOSED PRIOR TO EMBARKING IN THE SHIP.

4(4) LARGE TRASH CANS WITH PLASTIC LINERS SERVED WELL AS WATER DISTRIPOUNTRIES. THE CANS SEEMED TO SERVE APPROXIMATELY THREE HUNDRED FIFTY GALLON UNITS. SOMETIMES SERVING AS CHAMBER POTOTS SEEMED TO FILL UP AS IF THE SICKBEDS APPENDED.

5(4) THE SECOND DAY YOU CAN EXPECT THE CHILDREN TO BE RECOVERED AND OUT AND RUNNING ABOUT THE DECKS. THIS SEEMED TO KEEP THE KIDS HAWTY AND ALIVED.

6(C) WHEN THE NUMBER OF REFUGEES EMBARKED APPROACHES TEN TIMES THE NUMBER OF CREW MEMBERS, MESSING WILL ALMOST BE CONTINUOUS AROUND THE CLOCK. THE BEST METHOD OF FOOD DISTRIBUTION WAS TO KEEP THE REFUGEES SEATED AND TO MOVE AMONGST THEM WITH THE FOOD. FIND OUT WHO YOUR REFUGEE INTERPRETERS ARE IN EACH HOLD AND DISTINCTIVELY MARK THEM SO THAT AS GUARDS ARE ROTATED INTERPRETERS ARE READILY APPARENT. MAKE EVERY EFFORT TO KEEP FAMILIES TOGETHER.

7(C) ONLY ONE LADDER WAS USED FOR EMBARKATION, WHICH ALSO MADE IT POSSIBLE TO FORM A LINE WHILE EMBARKING REFUGEES.

8(C) FIREHOSES ARE EFFECTIVE IN CONTROLLING THE VIEUX BOAT COXSWAINS AND SHOULD BE POSITIONED CLEAR OF THE QUARTERDECK.
