PART II

NARRATIVE SUMMARY

1. General

During early June, the 9th Marines began Operation CAMERON FALLS. 2/9 and 3/9 were deployed in the CAMERON FALLS AO, with 1/9 OPCON to TFH. The mission that had been assigned to the 9th Marines was to "conduct operations in the upper Da Krong and Western Ba Long Valleys to locate and destroy the enemy forces deployed therein".

Operating from FSBs SHEPHERD and WHISMAN, the original orientation for the two battalions was to the Northeast and East for 3/9 and to the West for 2/9. Fire Support was provided by 2nd Bn, 12th Marines from FSBs SHEPHERD and WHISMAN, with additional fire support positioned at CaLu. FSB HENDERSON was reopened toward the conclusion of the operation in order to support the battalions in the eastern portion of the Regimental AO.

2/9 was withdrawn from the CAMERON FALLS AO during 12-15 June, having swept to the East along the Da Krong River with 3 companies from 3 June to 14 June.

3/9 continued operations in CAMERON FALLS until 23 June, when it relieved 1/9 in the UTAH MESA AO, under OPCON of JTG Guadalcanal. Operation CAMERON FALLS concluded at 232400H June 1969.

Significant contacts during the month of June were the G/2/9 contact on 1 June, the M/3/9 contact of 2 June, and the H/2/9 contact of 5-6 June.

On 14 June 1969 CG, 3d Mar Div announced that RLT-9 would be redeployed and embark to Okinawa. In preparation, Hq, 9th Marines established a planning group in Dong Ha. The Operation Order (OpOrd 6-69), Embarkation Order (EmbarkOrd 1-69), and the Administrative Order (AdminOrd 1-69) were issued at 0800H, 27 June.

2. Operational Results

a. Casualties Inflicted on the Enemy

KIA - 122

b. Other Enemy Personnel Losses

POW 2
Hoi Chanhs 1
Detainees 7 (includes Hoi Chanhs and POWs)

c. Ordnance, Equipment, and Supplies Captured, Destroyed, or Damaged

(1) Ordnance

S/A rds	-	46,660
60mm Mortar rds	-	67
82mm Mortar rds	-	13
57mm RR rds	-	3
75mm RR rds	-	8
RPG rds	-	47
Rocket rds	-	2
Grenades	-	355

(2) Equipment

Det Cord	-	146 ft
Explosives	-	78½ lbs
Wire	-	3 miles

(3) Supplies

Rice - 4166 lbs

3. Artillery

a. General. Artillery support throughout the month was provided by 2d Battalion, 12th Marines (Rein). Supporting fires were provided by the 12th Marines and "A" plt 8/4, US Army. General support was used extensively due to the proximity of CAMERON FALLS objective area to Vandegrift and Elliot Combat Bases.

(2) General Support

(a) 105	360
(b) 155	321
(c) 8"	125
(d) 175	75
(e) TOTAL	881

d. Significant Surveillances

(1) NVA KIA	22
(2) Bunkers destroyed	4

4. Air Support

a. Fixed Wing Support

(1) Regimental tactical operations diminished during the period covered, reducing the fixed wing requirements. TPQ missions were not requested during the last two weeks due to the lack of intelligence information and the loss of operating areas.

(2) Most fixed wing support was utilized in conjunction with Operation CAMERON FALLS and consisted of close air support aircraft, flareships ("Spooky" and C-130), aerial observation and Psywar.

(3) Seventy-two close air support missions were flown resulting in the following BDA:

(a) 17 KBA

(b) 2 .50 Cal destroyed

(c) 33 Bunkers damaged, 58 destroyed

UNCLASSIFIED

(d) 15 Secondary explosions and fires

(e) 3 Structures destroyed

(f) 28 Positions destroyed

(g) 2 Storage pits destroyed

(4) TPQ missions totaled 13 day and 16 night for 241,500 pounds of ordnance.

(5) Tactical air observers flew 304 missions for 304 hours.

(6) "Spooky" and C-130 flareships flew 15 missions in support of troops in contact and night Medevacs.

b. Helicopter Support

(1) All forms of helicopter support were excellent throughout the period and particularly on Operation CAMERON FALLS. The Regiment continued to provide limited C&C support for the 1st and 3d battalions even though they were not OPCON to 9th Marines.

(2) Helicopter support data:

(a) 461 helicopters utilized

(b) 48 medevac missions for 346 evacuations

(c) 4231 troops lifted

(d) 20 company size or larger units helilifted

(e) 12 battery lifts

(3) Helicopter utilization:

6. Communications

During the month of June the communication platoon provided support for the Regimental Headquarters at VCB and the rear at Quang Tri. In addition, two radio relay positions were maintained, one on Hill 819 and a second on Signal Hill, in support of Operation CAMERON FALLS. The regimental staff operated from VCB utilizing the communications facilities operating at the CP. With the termination of Operation CAMERON FALLS on 232400H June the Regimental Communication Section began packing and moving equipment to the rear in preparation for embarkation.

The message center personnel continued a courier service from 9th Marines rear at Quang Tri to the forward position at VCB. Traffic received at VCB message center from both the rear and Task Force Hotel was promptly processed and delivered to S-1 for further distribution. A secure teletype circuit between 9th Marines at VCB and 3d Mar Div COC was maintained. Total messages sent on the circuit were three while the number received on the teletype curcuit was zero. Total number of messages sent by 9th Marines during June was 159 and the number of messages received was 1712.

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

Section 1-Combat Related Events

1 June At 0215H, G/2/9, at FSB WHISMAN, was attacked by an estimated NVA company; the results of this contact were 3 FR KIA, 9 FR WIAE, 19 NVA KIA, 1 POW, 1 Hoi Chanh, 15 IWC, 2 CSWC. Employing the PSYOPS "early word" broadcast system, The Hoi Chanh appealled to his friends in the mountains to the northwest of FSB WHISMAN to rally. The Hoi Chanh stated that he was from a recon unit, while the POW stated that he was from the 7th Bn, 24th Regt. with the mission of carrying rice for the 4th Bn, 24th Regt.
Ref: Sitreps No. 12-13, Intsum No. 1.

At 1400H, F/2/9 at 993345 made contact with 2 NVA, killing both and capturing 1 AK-47.
Ref: Sitreps No. 14-15.

At 1730H, a Recon Team, call sign "Churchview", near 923279, made contact with 10-15 NVA, killing 4. Meanwhile, an AO on station reported an additional 4 KBA.
Ref: Sitrep No. 15.

FSB WHISMAN was formally reactivated, with E/2/12 and W/2/12 in battery.

2 June H/2/9 lifted from VCB to FSB WHISMAN, from 0830H to 0930H.
Ref: Sitrep No. 17.

At 1035H a CH-46 helicopter near 988408 crashed and burned near the M/3/9 position, resulting in 2 FR KIA, and 4 FR WIA. From 0925H to 1415H, M/3/9 at 988410 was in contact with an unknown number of NVA set in defensive postiions. The results of this contact were 2 FR KIA and 12 FR WIAE.
Ref: Sitrep No. 17-18.

At 1100H, G/2/9 at 975334 fired on 1 NVA, killing him and capturing 1 AK-47.
Ref: Sitrep No. 18.

Annex C (Counterintelligence Measures) to Operation Order 6-69

Ref: (a) 3d MarDiv Op Order 21-69

1. GENERAL. This annex sets forth guidance for all echelons of the RLT to assist in planning and implementation of security/counterintelligence measures during redeployment. Appendix 4 to Annex B to reference (a) provides additional guidance.

2. MILITARY SECURITY

a. General Military Secrecy

(1) Inform all personnel of the requirement for security discipline during redeployment.

(2) While enroute from rear assembly areas to POEs, cover all visible tactical markings on vehicles and other equipment (using paper and/or masking tape).

(3) Security discipline is mandatory at all echelons, particularly with respect to handling of documents/maps, phone conversations, loose talk and speculation.

(4) During movements by vehicle convoy, troops will not engage in conversation and discussion with U. S. and RVN nationals encountered enroute.

b. Safeguarding of Classified Information and Material

(1) Screen all material to assure that material no longer required is destroyed. Turn material of reference value in to Division S&C Files.

(2) To assure security of classified material stowage containers during movement, and in assembly areas, containers will be chained and locked to transporting vehicles.

(3) Devote particular attention to communications security during redeployment. Existing COMSEC instructions will be strictly adhered to.

(4) Proper security of planning areas will be established to restrict access to redeployment plans to personnel withs need to know.

(5) To assist deploying unit commanders with their counterintelligence effort, Division Counterintelligence Teams are

SECRET NOFORN

B.6

DECLASSIFIED

DECLASSIFIED

scheduled to conduct detailed sweeps of CPs as they are vacated.

c. Security of Troop Movements

(1) Control points will be established to restrict movement of unauthorized vehicles in and out of assembly/embarkation staging areas.

(2) Avoid unnecessary congregation of vehicles at command posts.

(3) Restrict movement of personnel beyond immediate assembly areas when assembling for movement to, and upon arrival at POEs.

d. Counterespionage/Countersabotage

(1) Establish checkpoints to prevent movement of unauthorized civilians into troop areas. Violators will be reported to the supporting counterintelligence element.

(2) All arrests/detentions of civilians violating security regulations will be made by military police or unit security/guard personnel.

3. TECHNICAL ASSISTANCE. Commanders will avail themselves of the technical assistance offered by local counterintelligence detachments.

b. Coordinating Instructions

(1) RVN peculiar numeral/operations/authentication codes and NESTOR keylists will be retained upon deployment to provide for contingency up to ninety days.

(2) Inoperative/deadlined T/E comm-elect equipment will be exchanged for serviceable like items at FLSG-Bravo or by utilization of on-hand P-4960 and/or P-4970 assets. All excess and special allowance comm-elect equipment will be turned in to FLSG-Bravo unless otherwise directed.

(3) All EE-8 telephones will be turned in to the Division CEO prior to embarkation.

(4) Instructions for disposition of non T/E items such as AN/PRC-77, PRC-88, KY-8, KY-38, AS-2236, PPS-6 are pending and will be promulgated by separate directive.

(5) Direct voice and teletype circuits will be provided between 3d Mar Div CP and 9th MAB CP.

(6) Covered teletype circuits will be provided at each POE.

(7) Telephone service will be provided at each POE.

(8) Messenger/radio service to be established as required afloat.

(9) Messenger/radio service to be established as required and as directed, ashore.

(10) Upon arrival in objective area, report telephone numbers of CP as installed, to this Headquarters (Attn: Comm O).

(11) Callsigns and frequencies afloat and ashore at destination to be promulgated by separate directive.

(12) Emphasize communication security of classified information.

4. ADMINISTRATION AND LOGISTICS. Administrative Order 1-69.

BY COMMAND OF COLONEL DANOWITZ

DECLASSIFIED

DECLASSIFIED

RLT-9
VANDEGRIFT COMBAT BASE, RVN
270800H June 1969

Annex E (Psychological Operations)

Ref: (a) 3rd MarDiv Op Order 21-69

1. SITUATION

a. General

(1) As RLT-9 redeploys by increments from the Rebuplic of Vietnam to Okinawa, it can be assumed that the general population and the personnel of RVNAF will be apprehensive that this is a prelude to a general, large scale pullout of U.S. troops. It is anticipated that the enemy will attempt to convince the people and RVNAF personnel that this is so and that they would be well-advised to come over to the enemy side while there is time to do so with impunity. Further, as they did when the 1st Air Cav redeployed from ICTZ, the enemy can be expected to try to portray the RLT redeployment as "defeated" U.S. troops withdrawing for purposes of rehabilitation after being "mauled" by "victorious" communist forces.

(2) For the morale of their own troops, it can be expected that the enemy will attempt to portray the redeployment as a magnificent victory demonstrating that what they have been telling their troops about imminent victory is true, i.e. "if only we persist through this year of hardship, victory will be a reality".

(3) In brief, the redployment of RLT-9 creates the conditions for a meaningful struggle in psychological operations with the enemy. Whether the redeployment is viewed by target audiences as a victory of defeat for Free World Forces will depend in large upon the skill and zeal of our psychological operations. Whether RLT-9 redeployment is viewed as victory or defeat is no mere academic matter. How the people of RVN vote in subsequent important elections, how the RVNAF and the enemy troops perform in battle will be determined to a large extent by how they perceive who is winning and who is losing. Consequently, PSYOP support in this operation must be a maximum effort.

b. Enemy Forces. Annex B (Intelligence) to reference (a), and current intsums/perintreps.

DECLASSIFIED

DECLASSIFIED

c. Friendly Forces

(1) Flight "A" 9th Special Operation Squadron (USAF) conducts leaflet dissemination and aerial broadcast support for the 3rd MarDiv (Rein) and subordinate units.

(2) 7th Psychological Operations Battalion, U.S. Army, provides quick reaction leaflets and ground broadcast support. Detachment 2, 7th Psychological Operations Battalion is under OPCON of the 3rd MarDiv (Rein) and provides a maximum of two Audio Visual (HE) Teams and three Ground Loudspeaker (HB) Teams.

(3) XXIV Corps provides assistance and advice on PSYOP matters as requested.

(4) Strategic PSYOP will be planned by MACV in coordination with JGS and executed by the commands and agencies designated. MACV advises that PSYOP will be based on following objectives:

(a) To bolster the morale of the people of RVN, explain the redeployment of selected U.S. units and gain the confidence and support of the people.

(b) To induce the people of RVN to repel Communism and back the government's pacification and national development programs.

(c) Convince the people that the GVN is stable and, this time, RVNAF improvement and modernization has progressed to the point that some U.S. troops can be safely redeployed.

(5) Civil Operation and Revolutionary Development and Support (CORDS) PSYOP provides assistance and advice in the use and support of Armed Propaganda Teams and Cultural Drama Teams, as requested. Coordination with Vietnamese Information Service (VIS) will be through CORDS PSYOP.

(6) 3rd Marine Division (Rein)

(a) 1st Brigade, 5th Infantry Division (Mech) continues extensive PSYOP activities in highly populated AO.

B.L.

DECLASSIFIED

(b) 4th Marines continue present PSYOP in HERKIMER MOUNTAIN AO and in any subsequently assigned AO.

(c) 3rd Marines continue present PSYOP in VIRGINIA RIDGE AO and in any subsequently assigned AO.

2. MISSION. RLT-9 conducts PSYOP to exploit the improved political/military climate in Quang Tri Province which permits redeployment of RLT-9 from combat. Assists and supports the GVN in pacification and national development programs.

3. EXECUTION.

a. Concept of Operations

(1) PSYOP conducted will be a vigorous and imaginative campaign featuring ARVN and GVN Leaders bidding farewell and giving thanks to the departing troops and leaders for helping them defeat their enemies. The people who can best assert the positive aspects of the RLT's departure are RVNAF and GVN officials. It is anticipated that there will be no difficulty in persuading them to participate in such a program. Such ceremonies and festivities will serve as the vehicle for feeding the indigenous media with stories, pictures and films. In addition, leaflets, tapes and most importantly, handbills and the newspaper VAN TIN ("The News") will be produced and printed, stressing appropriate themes, and these will be widely distributed. Maximum use will be made of ground broadcasting teams, Armed Propaganda Teams and Cultural Drama Teams to spread the word face-to-face.

(2) Specific themes will stress the victories achieved on the battlefield, the increased capability of the RVNAF, the non-precipitous mature of the redeployment, that it is a relatively small and carefully planned replacement- a natural outgrowth of increased RVNAF capability- that the U.S. is determined to help insure self-determination for the people of South Vietnam and will stay the course.

(3) The following target groups will be used for initial planning:

(a) Population in GVN controlled territory.

(b) Population in VC controlled territory.

(c) VC personnel in I CTZ.

(d) NVA personnel in I CTZ.

DECLASSIFIED

b. Headquarters, RLT-9

(1) Arrange for presentation of a 9th Marines' Plaque by the CO, 9th Marines to the CO, 2nd ARVN Regiment in honor of the monumental victory over the enemy in Operation DEWEY CANYON. The theme of this ceremony will stress the significant contribution of the ARVN in the battle. Verbal emphasis will be placed on the heavy casualties suffered by the enemy in personnel and material as opposed to the light casualties of U.S. and ARVN forces. If possible, photography of a Marine congratulating an ARVN hero of the operation should be posed.

(2) Arrange for an interview of the CO, 9th Marines by an indigenous news media. The CO, 9th Marines will emphasize the ever increasing military capability of the RVNAF.

c. Embarkation Unit ALFA-1

(1) Arrange an appropriate demonstration of U.S. support of the GVN pacification or national development programs during the period of final preparation for embarkation at Quang Tri.

(2) Conduct company and platoon ceremonies with the local population and RF/PF Forces during period before embarkation.

(3) As first increment of RLT-9 to redeploy, prepare to participate in an appropriate farewell ceremony at Danang as arranged by higher authority.

d. Embarkation Unit ALFA-2

(1) On 12 and 15 July, respectively, conduct MEDCAPs in the Calu Bru Village and Camlo.

(2) Arrange for visit by a group of enlisted Marines to Children's Hospital.

(3) On 19 July provide a platoon of Marines to attend a Cultural Drama Team presentation in MaiLoc.

e. Embarkation Unit ALFA-3

(1) Prior to commencement of stand down/rehab period, be prepared for television interview of several Marines stressing positive aspects of U.S. military assistance to GVN.

DECLASSIFIED

(2) After commencement of stand down/rehab period, host local ARVN/GVN officials at Quang Tri rear. Simple hospitality provided should stress U.S. and South Vietnamese friendship and mutual respect.

(3) Conduct a MEDCAP in Mai Loc on 4 August.

f. Coordinating Instructions

(1) Commanders will ensure indoctrination of all personnel as to the importance of PSYOP and objectives to be achieved.

(2) Press coverage of the redeployment will no doubt be abundant. Every effort will be made to integrate ISO/PSYOP activities with themes outlined herein. Unit PSYOP officers and ISOs must work in close coordination to ensure full exploitation of news coverage.

(3) Maximum support of and assistance to PSYOP teams operating in AO will be rendered.

(4) Requests for PSYOP support will be forwarded via normal chain of command by the most expeditious means.

(5) Standard PSYOP Support Request Form (3rd MarDiv Order p3410.13) will be used. Minimum Lead time for leaflet and aerial broadcast will be 24 hours from the time the request is received at Division PSYOP.

(6) PSYOP support will be provided in the following priorities:

(a) Strategic/Political warfare, particularly regarding redeployment of U.S. forces and in support of GVN National Objectives.

(b) Other PSYOP support of 3rd MarDiv requirements.

(7) All plans for execution of tasks assigned by this order will be reviewed by this headquarters prior to implementation.

(8) Propaganda themes to be stressed are:

(a) Growing strength of ARVN and GVN forces.

(b) Modernization of ARVN allowing it to assume a greater role in the fighting.

(c) The continual victories of the Free World Forces.

DECLASSIFIED

(d) That the U.S. Forces will leave only as the GVN forces become able to take a greater share of the fighting.

(9) Propaganda theme to be avoided: Any personal attack on the VC/NVA Leaders.

(10) Adverse American opinion is an effective tool of the enemy PSYOP program. Commanders will ensure that their Marines are aware of its impact and that the airing of personal opinions, which are contrary to the U.S. Policy and views precipitating the redeployment, are discouraged to the fullest. Personal example by leaders at every echelon of command is the most effective means of developing positive opinion.

4. ADMINISTRATION AND LOGISTICS

a. Logistics support of assigned HB and HE Teams is the responsibility of the unit to which attached.

b. All Logistics support for requested Armed Propaganda Teams and Cultural Drama Teams, to include transportation and messing facilities, must be provided by the requesting unit.

5. COMMAND AND COMMUNICATIONS All PSYOP related communications by MAF-9 units will be relayed through normal channels to this headquarters.

Embarkation Order 1-69 to accompany Operation Order 6-69 w/ch 1, ch 2, ch 3, App 2 to Ann C,

Ref: (a) RLT-9 AdminO 1-69
(b) 3dMarDivO P4600.1A (Embark SOP)
(c) FMFM 4-2 (Embarkation)
(d) RLT-9 OpOrder 6-69

1. ORGANIZATION FOR EMBARKATION

a. General

(1) RLT-9 is designated as Embarkation Group ALFA, and is organized for embarkation into three embarkation units formed around the following troop organizations:

ALFA-1	1st Battalion, Ninth Marines
ALFA-2	2nd Battalion, Ninth Marines
ALFA-3	3rd Battalion, Ninth Marines

(2) See Annex A (Organization for Embarkation).

(3) Assignment to Shipping. See Annex B (Assignment to Shipping).

2. MATERIEL TO BE EMBARKED

a. Organic Equipment. In accordance with reference (a).

b. Types and Amount of Supplies. In accordance with reference (a).

c. Preparation

(1) Packing, crating and marking will be in accordance with references (b) and (c).

(2) Supplies and equipment will be mobile loaded to the maximum extent possible. Supplies and equipment not mobile loaded will be palletized.

(3) Vehicle water proofing equipment will be mobile loaded on vehicles.

ch 1 (4) Vehicle fuel tanks will be filled to 3/4 CAPACITY PRIOR to LOADING ABOARD SHIP.

(5) Present PLANS CALL FOR M274 vehicles to be "stacked loaded" upside-down FOR transporting to DANANG. THIS technique of loading will require that fuel and oil be drained from vehicles. PRIOR to loading aboard ship fuel tanks must be refilled to 3/4 capacity

(6) Windshield COVERS ARE not necessary.

DECLASSIFIED

DECLASSIFIED

UNCLASSIFIED

d. Allocation of Supplies and Equipment

(1) Units will embark with prescribed loads in accordance with reference (a).

(2) Annex C (Allocation of Supplies and Equipment) specifies overall allocation of supplies and equipment to shipping.

e. Movement

(1) Embarkation Unit Commanders are responsible for movement of material organic to organizations and detachments comprising their respective embarkation units. Requests for in-country surface transportation will be submitted to this headquarters (Attn: S-4) not later than five days prior to the requirement for same. Requests for in-country air transportation will be submitted 7 days prior, to the CG, 3dMarDiv (Attn: EmbO).

(2) CG, FLC is responsible for movement of certain Mount-Out supplies to embarkation areas. CG, 3dMarDiv (G-4) will coordinate movement of Mount-Out supplies between the FLC and respective embarkation units.

(3) Insofar as practicable, supplies will be scheduled for movement to embarkation areas to coincide with loading schedules. Schedule of movement of supplies to staging/embarkation areas will be published separately.

3. PERSONNEL

a. Uniform, Equipment and Baggage

(1) Advance parties - jungle utilities and boots, individual combat equipment, weapons and a maximum accompanying baggage weight not to exceed 100 pounds per man.

(2) Airlifted units - jungle utilities and boots, individual combat equipment, weapons and baggage of a weight which which when combined with the individual's weight does not exceed a total weight of 300 pounds per man.

(3) Surface Lifted units - jungle utilities and boots, individual combat equipment, weapon and baggage as specified by Embarkation Unit Commander.

UNCLASSIFIED

DECLASSIFIED

UNCLASSIFIED

[redacted]NOFORN

(4) Embarking personnel will present a smart military appearance. Musical instruments, tape recorders and other personal effects will not be lashed to packs nor hand carried. Unit commanders will make provisions for secure stowage of such items as mobile loaded or bulk cargo.

b. Advance Details

(1) Advance parties will be airlifted to ~~final destination~~ OKINAWA. ~~Size, composition and instructions will be in accordance with reference (a) and instructions to be promulgated separately. RLT-9 advance parties will depart as follows:~~ (SEE ANNEX F (AIR MOVEMENT SCHEDULE)).

~~RLT-9 Liaison Group (1- 2 July 1969)~~
~~Embark Unit ALFA-1 (8-10 July 1969)~~
~~Embark Unit ALFA-2 (24-25 July 1969)~~
~~Embark Unit ALFA-3 (8 August 1969)~~

(2) Working parties will be moved to respective embarkation areas prior to the movement of any material to embarkation areas concerned. Movement of working parties will be coordinated by RLT-9 Headquarters.

(3) Ships platoons/advance parties will be moved to embarkation areas to coincide with arrival of respective ships. Reference (c) provides guidance as to functions of ships platoons/advance parties.

(4) Billeting for working parties will be coordinated by CG 3RDMARDIV (ATTN EMBARK OFF). Embarkation Unit Commanders will submit billeting requirements five days prior to moving working parties to embarkation areas.

c. Movement of Main Body

(1) The main body of troops of respective embarkation units will move to POEs by air or surface transportation to coincide with the anticipated time of completion of cargo loading of assigned shipping. ~~Movement schedule will be published separately.~~ SEE Annex F (Air Movement).

(2) Embarkation Unit Commanders will submit transportation requirements to this headquarters (Attn: S-4) five days prior to movement.

d. Embarkation Rosters

(1) Embarkation rosters will be prepared by each embarkation team and one copy each will be delivered to the 3dMarDiv Embarkation Control Office, CO RLT-9 (Attn: S-1), and to the assigned ship. Embarkation rosters will include, as a minimum, the following information:

[redacted]NOFORN

UNCLASSIFIED
[redacted]T NOFORN

(a) Alphabetical listing of personnel by rank/grade, showing serial number and MOS, listed in the following sequence:

1 USMC Officers
2 USMC Staff NCO
3 USMC Enlisted
4 USN Officers
5 USN Enlisted
6 Others, designated by rank, grade and title

(b) Recapitulation of subtotals and total numbers embarked.

4. EMBARKATION AREAS

a. Assignment of Areas and POEs

(1) Assignment of Embarkation Areas: See Annex D (Assignment of Embarkation Areas).

(2) Direct Liaison is authorized between Embarkation Unit Commanders and assigned ships.

(3) Ports and Staging Areas. SEE Annex G (Ports and Staging Areas).

b. Preparation of Areas

(1) FLC/NSA insures that required improvement of embarkation areas in the Danang area are accomplished. 3dMarDiv Headquarters coordinates.

(2) Improvement of embarkation areas in the Dong Ha/Cua Viet areas is coordinated by 3dMarDiv Headquarters.

(3) Embarkation Unit Commanders will make a reconnaissance of embarkation areas prior to staging of supplies and equipment and will submit requirements for improvement to CG, 3dMarDiv (Attn: G-4) via this Headquarters.

c. Material Handling Equipment

(1) FLC/NSA will provide MHE at POEs.

(2) Requirements for MHE in excess of MHE available at assigned POEs will be submitted by Embarkation Unit Commanders to CG, 3dMarDiv (Attn: G-4) via this Headquarters.

d. Security. During execution of embarkation, Embarkation Unit Commanders will be responsible for security of assigned embarkation areas and for coordination of such with local port authorities.

5. EMBARKATION SCHEDULES

a. Limiting Dates. Loading and embarkation will commence not earlier than 13 July 1969 and be completed not later than 18 August 1969.

b. Berthing and Loading Schedule. See Annex E (Berthing and Loading Schedule).

(1) Loading and embarkation will commence for:

(a) Embarkation Unit ALFA-1 on or about 13 June 1969.

(b) Embarkation Unit ALFA-2 on or about 31 July 1969.

(c) Embarkation Unit ALFA-3 on or about 13 August 1969.

6. CONTROL

a. Traffic Circulation and Control

(1) See Annex D (Assignment of Embarkation Areas) for sketches of traffic circulation routes and location of major control points.

(2) Embarkation Unit Commanders will be responsible for traffic circulation and control measures within assigned embarkation areas and will coordinate such matters with local port and traffic control agencies.

(3) Headquarters Battalion will provide MPs. Embarkation Unit Commanders will submit requests to CG, 3dMarDiv (Attn: G-4).

b. Embarkation Control Offices.

(1) Control Offices are to be established by CG, 3dMarDiv at each POE to coordinate staging and loading of supplies and equipment. Establishment dates will be announced.

(2) Embarkation Unit Commanders will establish embarkation control offices to be co-located with 3dMarDiv Embarkation Control Offices. Names of OICs will be submitted to CG, 3dMarDiv (Attn: DivEmbark) with info to this Headquarters (Attn: S-4) when control offices are established.

(3) Control Offices will function on a 24-hour basis.

c. Communications. In accordance with Annex D to reference (d).

7. MISCELLANEOUS

a. Loading Plans.

(1) This will be an administrative movement.

(2) Unit integrity will be maintained wherever possible.

(3) Administrative loading of cargo will be observed. Whereas the assignment of cargo and equipment unloading priorities is not necessary, loading priorities will be assigned to cargo and equipment for better control of staging and loading.

(4) Individual ship loading plans will be prepared. In order to expedite preparation, Embarkation Unit Commanders will form embarkation planning groups, comprised of the unit embarkation officer and team embarkation officers, to execute detailed planning. Planning Groups will develop plans in coordination with the Embarkation Group ALFA (RLT-9) Embarkation Officer and the 3dMarDiv Embarkation Officer. Planning groups will be activated and will be located at the 3dMarDiv Embarkation Office in accordance with the following schedule:

(a) Embarkation Unit ALFA-1 28 June 1969

(b) Embarkation Unit ALFA-2 15 July 1969

(c) Embarkation Unit ALFA-3 28 July 1969

(5) Ships loading characteristics pamphlets will be made available by the 3dMarDiv Embarkation Officer.

b. Loading Reports. See Annex C (Reports) to reference (a).

c. Sailing Reports. See Annex C (Reports) to reference (a).

d. Other Embarkation Instructions

(1) Staff and individual ship combat cargo officers will report to respective Embarkation Unit Commanders upon arrival of ships.

(2) Dunnage/chocking and blocking will be available at assigned embarkation areas. Embarkation Unit Commanders will submit requirements to the 3dMarDiv Embarkation Control Office at respective POEs.

(3) Embarkation Unit Commanders will assign Embarkation Team Commanders and Commanding Officers of Troops for assigned Shipping.

Annex G (~~Ports and Staging Areas~~ (DEEP WATER PIERS)) to Embarkation Order 1-69

1. Deep Water Piers. See Appendix 1 (Deep Water Piers Sketch Map).

   a. Location: Danang.

   b. Type Facility: Deep Draft.

   c. Ship Capacity: 6 at Pierside.

   d. Staging Area: 33 Acres.

   e. Rated Cargo Capacity: 7500 S/T per Day.

   f. Type Cargo: All classes except Class V.

   g. Fork Lifts Available: 112.

   h. Concept of Operation: Cargo will enter through the main gate of Deep Water Pier and will be staged in designated areas for loading aboard ship. Prior to loading, cargo will be processed through the water rinse-down system for final rinse down. NSA will perform the final rinse-down only.

2. Bridge Cargo Facility. See Appendix 1 (Port of Danang) and Appendix 2 (Deep Water Piers). ~~2 (Bridge Cargo Facility Sketch Map)~~.

   a. Location: Danang.

   b. Type Facility: Shallow Draft.

   c. Ship/Boat Capacity: 3 LSTs, 8 LCUs or 2 Barges.

   d. Staging Area: 520,000 SqFt.

   e. Rated Cargo Capacity: 5820 S/T per Day.

   f. Type Cargo: All Classes.

   g. Fork Lifts Available: 20.

   h. Concept of Operation: Cargo will enter a gate at the southwest corner of Bridge Ramp and will be staged in designated staging areas. NSA will perform the final rinse-down.

B.C

DECLASSIFIED

3. Dong Ha Ramp. See Appendix 4 (Dong Ha Ramp) ~~Sketch Map~~).

a. Location: Dong Ha.

b. Type Facility: Shallow Draft.

c. Boat Capacity: 10 LCUs or 1 Barge.

d. Staging Area: 87120 SqFt.

e. Rated Cargo Capacity: 1500 S/T per Day.

f. Type Cargo: All Classes.

g. Fork Lifts Available: 10

h. Two different methods of operation may be employed at Dong Ha. If cargo and equipment is to be moved to Danang for embarkation, final washdown will be accomplished at Danang. If, on the other hand, cargo is to be lightered to deep draft ships anchored off Cua Viet for movement out of country, final wash-down will be accomplished at the Dong Ha POE. In either case, since the staging area at Dong Ha is very restricted, loads will be called forward as staging becomes available. NSAD Dong Ha will perform the final rinse only for cargo moving directly out of country from Cua Viet.

4. Cua Viet Ramp. See Appendix 5 (Cua Viet Ramp) ~~Sketch Map~~).

a. Location: Cua Viet.

b. Type Facility: Shallow Draft.

c. Ship/Boat Capacity: 2 LSTs, 6 LCUs or 2 Barges.

d. Staging Area: 43560 SqFt.

e. Rated Cargo Capacity: 1700 S/T per Day.

f. Type Cargo: All Classes except Class V.

g. Fork Lifts Available: 15

DECLASSIFIED

h. Concept of Operation: Cua Viet will be used as a transshipment point for cargo/equipment moving from Dong Ha to Danang or for units coming from Dong Ha to be loaded on LSTs/LSDs at Cua Viet for movement out of country. If the Cua Viet to Quang Tri road has been completed and is used, the rinse-down facilities at Cua Viet will be used.

1. SUPPLY

a. General

(1) Supply Sources. Prior to embarkation, Force Logistic Support Group (FLSG) BRAVO, will continue to provide support for all classes of supply.

(2) Prescribed Loads (all units)

Class I - 2 DOS MCI

Class II - T/E ALLOWANCES and-on-hand-operating-stocks less RVN peculiar supplies/equipment.
MAXIMUM 30 DOS housekeeping consumables.
Max 2 sets serviceable jungle utilities and ~~2 pr serviceable jungle~~ boots in hands each indiv.
~~Organic serviceable special services property.~~
~~See Annex B (Personnel) for additional guidance.~~
~~Encampment/Garrison Property on hand serviceable items.~~
Effect authorized issue of utilities to indiv by redistribution of assets as possible.

Class III - 2 DOS packaged diesel and MOGAS (Requisitioned and embarked by Embarkation Unit Commander for ~~Emb~~ Unit). OGAS 2 T ning
30 DOS packaged oils and lubes.
2 DOS fuel, compressed, trioxane.

Class IV - None.

Class V (W) - Minimum essential required for movement to POEs and a BA requisitioned by each Embark Unit Commander for the entire Embark Unit. BA will be embarked by the Embark Unit Commander. Minimum essential in hands of troops will be collected prior to embarkation and turned in to nearest ASP as Grade III.

BA. to be computed and requisitioned for each embark unit by 3d MarDiv Ordance off, delivered to POEs by CG FLC, and embarked by embark unit commanders. Units will issue minimum essential Class V (W) as prescribed by embark unit commanders for movement to POEs. These items will be collected at POEs by 3rd MarDiv Ordnance Rep.

Class VI - None

SECRET NOFORN

B.d

DECLASSIFIED

DECLASSIFIED

Class VII - T/E allowance

Class VIII - ~~30 DOS~~ MAL items and on hand stocks.

Class IX - On hand operating stocks to include authorized "R" coded secondary reparables.

Class X - None.

Encampment/Garrison Property - On hand serviceable items
SPECIAL SERVICES EQUIPMENT - On hand organic items which are serviceable.

b. Supplies and Equipment Available

(1) Supplies and Equipment to be Embarked

(a) Prescribed Loads

(b) Class I. Embarkation Unit Commanders will requisition and embark required items. CG, FLC delivers to POEs and invoices same to CG, 9th MAB.

a MCI - 15 DOS, Mount-Out (MO); 4 DOS, Mount-Out Augmentation (MOA).

a Ration, Operational "B" - 15 DOS, MO; ~~9 DOS, MOA.~~

(c) Class II. CG, FLC computes, pulls, packages and delivers Class II MO and MOA to POEs and invoices same to CG 9th MAB. ~~Embarkation Units embark supplies.~~ Embarkation Unit ALFA-3 will embark.

1 Type 1 - 30 DOS, MO.

2 Type 2

a MIC D (dry cell batteries) - 30 DOS, MO.

b MIC I (indiv clothing) - 30 DOS, MO

c MIC K (common hardware) - 30 DOS, MO; 30 DOS, MOA.

d MIC O (batteries less dry cell) - 30 DOS, MO; 30 DOS, MOA.

e MIC U (org clothing/equip) - 30 DOS, MO; 30 DOS, MOA.

f MIC V (chem warfare items) - 30 DOS, MO; 30 DOS, MOA.

g COG I (forms and pubs) - 30 DOS, MO; 30 DOS, MOA.

h MIC C (all other items) - 30 DOS, MO; 30 DOS, MOA.

DECLASSIFIED

SECRET NOFORN

(d) ~~Class~~ III. Embarkation Unit Commanders will requisition and embark required items. CG, FLC delivers to POEs and invoices same to CG, 9th MAB.

1 MOGAS - 3 DOS, MO, drummed.

2 Diesel - 3 DOS, MO, drummed.

3 Packaged Oils and Lubricants - 30 DOS, MOA.

4 Fuel, compressed trioxane - 10 DOS, MO; 4 DOS, MOA

5 Bulk fuel amphibious shipping filled to capacity with 1/3 MOGAS and 2/3 diesel.

(e) Class IV

1 The 3d MarDiv ~~Engineer~~ Embark Officer will compute ~~Mount-Out~~ chocking/dunnage requirements for ~~tactical bridging and bunkers for subsequent submission to the 3d MarDiv G-4.~~ EACH EMBARKATION UNIT. CG, 11th Engr Bn will requisition and deliver to POEs for use by Embarkation units.

2 ~~Embarkation~~ Unit Commanders will compute requirements for packing/crating, ~~chocking/dunnage and submit same via this Headquarters to CG, 3d MarDiv (Attn: G-4). Embarkation Unit Commanders will immediately submit walk-through requisitions to FLSG BRAVO via the 3d Mar Div Supply Officer for all standard packing/crating requirements. Requirements for special size crating and mount-out boxes will be submitted to the 3d MarDiv Engineer Officer.~~ material. WALK THROUGH REQUISITIONS for standard packing/crating material will be submitted to the 3rd MarDiv Engr Off.

3 ~~CG, 3d MarDiv forwards all class IV Mount-Out requirements to the CG, FLC who will deliver material to POEs and invoice Mount-Out supplies to CG, 9th MAB. Embarkation Unit Commanders will embark same.~~ CG FLC will compute, pull, pack, mark and deliver to POEs field fortification Mount-Out. Embarkation UNIT ALFA-3 will embark.

4 ~~Lumber - Minimum essential for dunnage, chocking, packing and crating. 30 DOS Mount-Out to consist of minimum essential for bunkers and tactical bridging.~~ LUMBER. EMBARKATION REQUIREMENTS FOR dunnage, CHOCKING, packing AND CRATING MATERIAL.

5 Field Fortification Material (MIC F, Type III) - 30 DOS ~~Mount-Out, computed by CG, FLC.~~

(f) Class V(W). None.

(g) All units will requisition and embark 2 DOS PACKAGED MOGAS AND DIESEL, 30 DOS PACKAGED OIL AND LUBRICANTS AND DOS FUEL, COMPRESSED TRIOXANE. EMBARKATION UNIT Commanders will not be responsible for requisition AND embarking the 2 DOS MOGAS/DIESEL.

(h) 1 CG, FLC computes, pulls, packs and delivers available supplies for Mount-Out and Mount-Out Augmentation to

B.A

POEs, and invoices these supplies to CG, 9th MAB. ~~Embarkation Unit Commanders will embark same.~~ Embarkation Unit ALFA-3 will embark.

2 30 DOS Mount-Out and 30 DOS Mount-Out Augmentation as provided by the CG, FLC.

(i) Class VIII

1 ~~All units embark on hand MAL items and unit Mount-Out blocks.~~ CG FLC will compute, pull, pack, mark and deliver 30 DOZ MO to POEs. EMBARKATION UNIT ALFA-3 will embark.

2 ~~30 DOS Mount-Out requisitioned by 3d Medical Battalion. Embarkation Unit ALFA-3 deliver to POE and embark material.~~ Augmentation items of equipment and special medical supply items as directed by the 3RD MARDIV SURGEON.

3 ~~Augmentation items of equipment and special medical supply items as required.~~

3 Dental - Basic allowance and combat supply blocks AS provided BY CO, 3RD DENTAL CO.

(j) Class IX

1 CG, FLC computes pulls, packs and delivers Class IX Mount-Out supplies to POEs, and invoices these supplies to CG, 9th MAB.

2 Units embark all on hand operating stocks (or a proportional share thereof for detachments) plus 30 DOS, MO, and 30 DOS, MOA.

3 30 DOS, MO-MIC T ("R" coded secondary repairables).

4 30 DOS, MO-MIC S ("D" coded secondary repairables).

(2) Supplies and Equipment at Destination/Objective Area

(a) Upon redeployment to Okinawa, supply support will be provided ~~by 9th MAB organic supply accounts and/or the Provisional Service Battalion, 9th MAB/3d FSR.~~ to elements of RLT-9 AS SUCH IN ANNEX D (Org/Procedures for ADCON RLT Units)

(b) Supply officers of units ~~redeploy~~ SENDING detachments will on order of CG, 3rd MarDiv invoice all detachment custodial items to ~~the CG, 9th MAB. An appropriate RUC will be provided by separate directive.~~ Units designated to provide supply support by Annex D (Organization/Procedures for ADCON RLT Units)

(c) The CG, 9th MAB will provide funding support to RLT-9 units.

SECRET NOFORN

c. Control and Distribution

(1) Requisitioning

~~(a) The 3d Marine Division Ordnance Officer computes prescribed load of Class VI (W) for all embarking units and provides this data to Embarkation Unit Commanders who will subsequently requisition and embark the material.~~

(a) All 9th Marines, 2nd Battalion, 12th Marines, ~~and~~ 1st Searchlight Battery outstanding requisitions held by FLC (MC 100) will be cancelled on order of CG, 3d MarDiv. New skeleton requisitions for these cancelled will be machine prepared and provided these units for submission to the Provisional Service Battalion, 9th MAB.

(2) Disposition of Other Categories of Supply

(a) Special Allowances. Special allowances will be used to fill T/E deficiencies as necessary. ON HAND special allowance items and M-Series T/E deficiencies will be reported to the CG, 3d MarDiv (Attn: G-4). Disposition instructions will subsequently be issued. Embarking detachments will assume a proportionate share of the parent unit's T/E shortage.

(b) Encampment/Garrison Allowances. Encampment/Garrison (E/G) allowances will be embarked if serviceable. Unserviceable E/G allowances will be turned in to FLSG BRAVO.

(c) Non-TAM Garrison property. Serviceable non-TAM Garrison property of a value of more than $25.00 will be embarked with units, if required. Report to CG, 3dMarDiv (G-4) for disposition instructions, all such property not required. All other items of non TAM garrison property will be turned in to FLSG BRAVO.

(d) Fixed Plant Communication Equipment. Fixed Plant Communication Equipment will not be embarked.

(e) RVN Peculiar Material. All embarking units will turn in to FLSG BRAVO organic stocks, i.e. jungle utilities, boots, monsoon gear, towels, etc.. Jungle utilities and boots within authorized issue allowances, which are in the possession of troops are excluded.

(f) Garrison Type Food Services and Preparation Equipment. Serviceable equipment will be turned in to the Food Services Warehouse, Dong Ha Combat Base. Unserviceable equipment will be turned in to FLSG BRAVO. Copies of

DECLASSIFIED

FLSG BRAVO receipt documents will be provided to the 3d MarDiv Food Services Officer for appropriate adjustments to unit accounts.

(3) Supply Accounting Procedures

(a) Change of DODAAC Address. Coincident with the cancellation of all pending requisitions back ordered at FLC (MC 100), the 3d MarDiv Supply Officer submits appropriate changes to the DODAAC address as required by reference (a).

(b) In Transit Material. Material received by FLC subsequent to embarkation will be re-shipped by that activity to the unit's new supply point location in Okinawa.

(c) Requisition Cut-Off Dates. Embarking units having an organic supply account will cease submitting normal replacement/replenishment requisitions to MC 100 fifteen days prior to date of embarkation. Only emergency walk-through requisitions will be processed by FLSG BRAVO on a fill or kill basis after that date. The 3d MarDiv Supply Officer's approval will be required on all such requisitions.

(d) Requisitioning Objectives (RO)/Reorder Points (ROP). Units will commence reducing current ROs and ROPs by 50%, 15 days prior to embarkation. Applicable supply records and directives will be embarked so as to be available to units during the afloat phase of redeployment for updating and record maintenance.

2. EVACUATION AND HOSPITALIZATION

a. General. A balanced medical capability will be maintained at all times during redeployment.

b. Evacuation. Current evacuation policy will remain in effect until movement to POEs.

c. Hospitalization.

(1) Prior to movement to POEs, present 3d Medical Battalion facilities will continue to be utilized.

(2) While enroute to POEs, the nearest U. S. medical facility will be used. A report of any patient admitted will be forwarded

DECLASSIFIED

DECLASSIFIED

immediately via the chain of command to the patient's parent unit commander by the senior Marine present.

(3) At POEs, amphibious shipping facilities will be used if possible, otherwise the nearest U. S. medical facility will be used. If the latter is used, the reporting procedure covered in paragraph 2.c.(2), above, will be utilized.

d. Preventive Medicine

(1) Malaria prophylaxis, both daily and weekly, will be continued for RESPECTIVE PERIODS OF 30 DAYS/4 WKS. AFTER DEPARTURE RVN. ~~a period of thirty days after departure from RVN.~~ Strong command attention will continue in this area.

(2) Commanders will ensure continuation of the highest standards of sanitation in the areas, with particular emphasis on food service facilities.

(3) Commanders are responsible for compliance with published immunization regulations for Southeast Asia and Okinawa.

e. Medical Supplies. See paragraph 1.b.(1)(i).

3. TRANSPORTATION

a. General. Units embarking from Danang will move the majority of personnel (with individual equipment) thereto by air. Motor transport convoys and coastal shipping will be used to move supplies, equipment and baggage. Units embarking from Tan My/Cua Viet will move personnel, equipment, supplies and baggage thereto by motor transport convoy and/or lighterage. Movement of troops from forward areas to unit rears will be by motor transport convoys or helicopter lift.

b. Land

(1) When movement from unit rehab/assembly areas to POEs and air terminals is by motor transport convoy, convoy operations will be in accordance with reference (b).

(2) Augmentation transportation will be requested from the 3d Mar Div Motor Transport Officer in accordance with reference (c).

(3) Cargo vehicles to be embarked will be loaded to authorized capacity. Embarkation Unit Commanders will ensure effective utilization/loading of trucks to be embarked from the 3d and 9th Motor Transport Battalions.

B.d

DECLASSIFIED

c. Sea. Designated units will be embarked in fleet amphibious shipping administratively loaded/combat ready. Loading plans will be prepared for each ship. For assignment to shipping, see RLT-9 Embarkation Order 1-69. Port facilities at Dong Ha, Cua Viet, Tan My, Red Beach and Danang are available and will be utilized as directed by Embarkation Order 1-69.

d. Air

(1) General

(a) All advance parties will be moved by air to Okinawa. Total advance party strength will not exceed 5% of the RLT strength, and will be authorized a maximum accompanying baggage weight of 100 pounds per man. Embarkation Unit commanders will submit the composition of their units advance party to the RLT commander for approval.

(b) Units which are designated for airlift will be limited to 300 pounds per man combining the individual's weight with that of his baggage.

(c) Sensitive or classified equipment will be moved by air to the maximum extent possible.

(2) Terminals. The airfields at Dong Ha and Quang Tri Combat Bases will be used for loading personnel, equipment and supplies scheduled for movement by air.

(3) Control Measures. 3d Mar Div Asst C/S G-4 coordinates all fixed wing air movements.

e. Movement Classification

(1) Overall redeployment planning is classified SECRET NOFORN.

(2) Separate movement orders for units will be issued not less than ten days prior to the movement of the first element of the unit. These movement orders will be classified CONFIDENTIAL.

(3) Movement orders will be reclassified for OFFICIAL USE ONLY after the arrival of the unit at Okinawa. Orders will be subsequently declassified 3 years thereafter.

(4) All movement documentation will be identified by Unit Identification Code (UIC) rather than the name of the unit. Such documentation will be UNCLASSIFIED.

SECRET NOFORN

4. SERVICE

a. Functions

(1) Construction

(a) Construction of the facilities to support units preparing for embarkation will be austere and the minimum essential required.

(b) Assistance in the fabrication of special mount-out boxes will be requested from the 3d MarDiv Engineer Officer.

(2) Maintenance

(a) Repair of equipment will be accomplished by component replacement whenever possible. Items will be retrograded for repair only as a matter of necessity. Maximum effort will be made to maintain equipment at the parent unit.

(B) Embarking units will not turn equipment in to FLSG BRAVO for repair subsequent to 30 Jan 1968 unless FLSG BRAVO maintenance personnel indicate that REPAIRS CAN BE ACCOMPLISHED PRIOR TO EMBARKATION.

(b) ~~Prior to embarkation, units will turn in all unserviceable repairable equipment requiring 3d echelon or higher maintenance to FLSG BRAVO, for subsequent evacuation via the maintenance chain to Okinawa.~~

(c) Equipment ~~already~~ in the hands of supporting field maintenance ~~activities~~ units which cannot be ~~repaired and~~ returned in time ~~for embarkation~~ TO BE EMBARKED with ~~owning~~ PARENT units will be evacuated via the maintenance chain. ~~to Okinawa.~~ All equipment requiring 1st or 2nd echelon maintenance will be embarked by parent units. Equipment requiring 3RD ECHELON maintenance held by parent units will also be embarked by these units.

(d) Unserviceable equipment scheduled for the CMC Replacement and Evacuation Program or the FMFPac Rebuild Program will be turned in to FLSG BRAVO prior to embarkation. Serviceable equipment in this

(e) Units furnishing detachments for embarkation with RLT-9 who have equipped these detachments with assets currently held in 3d FSR Maintenance Shops will (1) INVOICE the items to the organization designated to support their detachment as shown in Annex D (ORGANIZATION/PROCEDURES FOR ADCON RLT Units) of the Admin Order (2) Initiate messages to the 3D FSR requesting that the owning unit shown on applicable TERDS be changed to reflect the unit to which the equipment was invoiced. THE UNIT RECEIVING THE EQUIPMENT SHOULD BE AN INFO ADDEE ON ALL SUCH MESSAGES.

SECRET NOFORN

3. SALVAGE

(a) Equipment believed to be uneconomically repairable will be delivered to the appropriate maintenance unit of FLSG BRAVO for inspection and coding. Disposition will be as directed by FLSG BRAVO.

(b) Minor equipment and materiel will be inspected and coded by unit commanders. That which is unserviceable and not economically repairable will be turned in to FLSG BRAVO if it has salvage value. Otherwise, it will be disposed of by the unit, ensuring compliance with applicable supply directives and denial of enemy use.

(c) Unserviceable, not economically repairable equipment and material will not be embarked.

(4) Messing

(a) During stand down and rehab periods, messing will be arranged/provided by the parent unit. If assistance is required it will be provided by the CG, 3d Mar Div (Attn: Food Service Officer) upon request.

(b) Units will be prepared to provide MCIs for movement to POEs as directed by Embarkation Unit Commanders.

(c) The CG, 3d Mar Div arranges messing facilities at POEs.

b. Assignment of Responsibilities. The CG, 3d Mar Div has assigned service responsibilities as follows:

(1) 3d Engineer Battalion

(a) Provide limited improvement of staging areas.

(b) Perform minimum essential construction as directed.

(c) Provide assistance in location, establishment and operation of washdown facilities.

(2) 3d Shore Party Battalion

(a) Provide control elements in staging areas as directed.

(b) Provide/coordinate material handling equipment in staging areas as directed.

(c) Augment engineer effort and perform other tasks as directed.

(3) 3d and 9th Motor Transport Battalions

DECLASSIFIED

(a) Provide normal motor transportation support during stand-down/rehab period. Be prepared for greater than average commitments for deploying units.

(b) Conduct convoy operations as required to support movement of troops and material to POEs.

(4) Headquarters Battalion, 3d Mar Div

(a) Be prepared to augment/assist 9th Marines communications requirements during stand-down/rehab period.

(b) Provide communications for control of movement to POEs.

(c) Provide traffic control as required to support redeployment.

(5) Coordinating Instructions

(a) Parent Organizations of Deploying Units

1 Provide area/facilities for stand-down/rehab to organic deploying units.

2 Relieve deploying units during stand down of all duties and responsibilities not incident to redeployment.

3 Provide all available organic service support to deploying units.

4 Ensure knowledge of and compliance with this and other pertinent redeployment directives by organic deploying units and assist them with all available assets.

5. PERSONNEL:

6. MISCELLANI

a. Rear l ately. Unit

b. Repor

c. Fisca tions under funds.

5 Units will embark T/E allowances of M-40, M-700 sniper rifles. Report excess to Division Ordance Officer for disposition instructions.

6 Units will not embark 60mm mortars or any other special allowance equipment without permission CG, 3rd MarDiv (ATTN: AC of S, G-4)

7 All units vacating containment areas must receive clearance from appropriate base coordinator. (See Annex B (Engineer) to Division Admin Order 1-69)

(B.1)

DECLASSIFIED

d. MARES/FORSTAT Reports. Instructions to be issued by separate directive.

e. Vehicle/Equipment Wash Down/Cleaning and Decontamination. Deploying units will ensure that vehicles and equipment receive thorough washdown/cleaning and required decontamination prior to movement to POEs.

f. Embarkation Data. Deploying units will be prepared to submit detailed and accurate embarkation data to Embarkation Unit Commanders when directed.

g Controlled Item Reporting. Units ensure that controlled item reporting is conducted in accordance with MCO 4440.19D. Units providing detachments will prepare appropriate reports (NAVMC 10694) for their detachments. These reports will forwarded along with the invoices of detachment custodial property to the designated supporting unit on Okinawa. Additionall, detachments must be provided with,

h. Personnel Preparation. Deploying units prepare, equip and rehab personnel for redeployment.

SPECIAL ALLOWANCE lists reflecting the Actual equipment Authorized and possessed.

i. Real Estate and Facility Transfer Procedures

(1) Unit T/O and E and installation property will be removed by the vacating unit. Installed property such as plumbing fixtures, lighting fixtures, wiring and building hardware will not be removed.

(2) Departing unit commanders will ensure that buildings and facilities are not maliciously damaged.

(3) All areas vacated by units will be left in an outstanding police status. Particular emphasis will be placed on sanitation.

(4) Responsibility for maintenance and security of facilities will remain with the occupying commander until properly relieved.

(5) Departing unit commanders will contact respective Base Coordinators when buildings and facilities are prepared for inspection.

j. Tactical Security and Protection of Personnel. Deploying unit commanders will emphasize tactical security and measures for the protection of personnel during movement to and staging at POEs. An organization for conduct of combat operations will be maintained and provisions for fire support will be arranged. Adequate dispersion of personnel, vehicles and equipment will be mandatory.

DECLASSIFIED

k. Contraband Control. Embarkation Unit Commanders will take positive action to ensure that contraband material does not accompany embarked personnel. Particular emphasis will be placed on recovery of Class V from the possession of personnel prior to embarkation. Contraband material means any prohibited items, and includes but is not limited to the following:

(1) Live ammunition or explosives of any kind or any item containing explosives.

(2) Marijuana and narcotics, other than those prescribed by a Medical Officer.

(3) Alcoholic beverages.

(4) Unauthorized war trophies.

(5) Personal firearms.

(6) Pornographic material.

(7) South Vietnamese currency of a value greater than 500 piastres.

(8) MPC.

(9) Switchblade knives.

l. Debarkation and Movement from POD in Okinawa. Instructions will be issued by separate directive prior to the debarkation of Embarkation Unit ALFA-1.

b. Strength reports will continue to be submitted in accordance with current directives.

c. Upon shift of adcon, report to new adcon headquarters as directed. Information concerning reports required will be provided at a later date.

2. REPLACEMENTS

a. Prior to embarkation, replacements are anticipated from 3d Marine Division. The following sets forth the Division replacement policy for RLT-9:

(1) Replacements arriving in RVN from CONUS will not be assigned to RLT-9 after 30 June 1969.

(2) Replacements thereafter will be provided from existing 3d Marine Division assets based on the following criteria:

(a) Priority I: Once WIA with hospitalization in excess of 48 hours. Volunteers only.

(b) Priority II: Twice WIA but not otherwise qualified for restrictive assignment. Volunteers only.

DECLASSIFIED

(c) Priority III: Physical Profile IIIs. Volunteers only.

(d) Priority IV: Deserving individuals with 10 or more months in country at time of embarkation. Volunteers only.

(e) Priority V: Serving on second tour in Vietnam with 6 or more months completed on second tour. Volunteers only.

b. At destination, replacements will be provided by the appropriate administrative headquarters.

3. DISCIPLINE, LAW AND ORDER

a. Collection and Disposition of Stragglers

(1) Collection points to be established as necessary.

(2) Disposition in accordance with current directives.

b. Military Justice

(1) Sentenced prisoners with unsuspended DD or BCD will be transferred as directed by CG 3d Marine Division.

(2) Sentenced prisoners not awarded DD or BCD will accompany units to final destination for reconfinement upon arrival.

(3) Prisoners or personnel awaiting trial by General Court-Martial and witnesses will be transferred or retained as directed by CG 3d Marine Division.

(4) Personnel awaiting trial by Summary or Special Court-Martial will be tried by Division Judicial Activity prior to departure of embarking units, if possible.

(5) Personnel awaiting outcome of administrative discharge recommendations which have not been acted upon at time of embarkation will be transferred as directed by CG 3d Marine Division.

c. Commanders at all echelons of the RLT will emphasize:

(1) Maintenance of military law and order during redeployment.

(2) Measures to prevent and control the following illegal activities:

(a) Smuggling

B.d

DECLASSIFIED

DECLASSIFIED

(b) Pilferage of supplies

(c) Currency manipulation

(d) Illegal and improper use of drugs and narcotics

(e) Unnecessary destruction of civilian property.

d. Special emphasis will be placed on security at ports, depots, and equipment staging areas, to minimize pilferage.

e. Redeploying units will conduct inspection of equipment, supplies, containers and personnel baggage to ensure compliance with current customs/sanitation regulations in force at destination.

4. PRISONERS OF WAR. Deploying units will transfer responsibility and custody of all POWs to the 3d Marine Division Provost Marshal for disposition in accordance with current regulations.

5. GRAVES REGISTRATION

a. Collection, processing and evacuation will continue in accordance with present regulations.

b. Disposition of personal effects will be in accordance with current regulations. Command emphasis is urged in order to expedite proper disposition of all personal effects prior to deployment.

6. MORALE AND PERSONNEL SERVICES

a. Leave

(1) Emergency leave will continue to be granted in accordance with DivO 1050.3C.

(2) Units in a stand down status will not be authorized to send personnel on annual leave.

(3) R&R quotas will be utilized during the stand down phase provided the individual can return to his unit 5 days prior to embarkation.

(4) Units in stand down phase are encouraged to contact the Division R&R Officer and utilize unused R&R quotas to the fullest extent possible.

DECLASSIFIED

DECLASSIFIED

b. Medals and Decorations

(1) Award recommendations will be submitted in accordance with 3d MarDivO P1650.1 (AWARDS SOP).

(2) Heroic award recommendations will be submitted prior to embarkation.

(3) Meritorious Service/End of Tour awards will be processed in in accordance with current regulations.

c. Postal Services

(1) Unit Commanders will ensure that efficient postal services are maintained in accordance with reference (b) and (c).

(2) Mail address will be:

Rank, Name, Service Number, Branch of Service
(Unit title)-----9th MAB
FPO, San Francisco 96602

(3) Free mailing privileges will terminate upon departure from RVN.

(4) A branch unit of the 3d MarDiv Post Office will be attached to provide financial, money order and mail handling facilities at destination.

(5) Rerouting of mail for embarkation units to be accomplished by 3d MarDiv Post Office. Notification of change of geographical location of embarking units will be made by CG, 3d MarDiv.

d. Exchange Service

(1) The 3d MarDiv exchange will continue to provide exchange facilities during the stand-down and embarkation phase.

(2) While afloat, limited facilities of ship stores will be available.

e. Disbursing

(1) MPC and Piasters will be converted into U. S. currency prior to embarkation.

B.d

DECLASSIFIED

(2) IF DESIRED ARRANGEMENTS for token pay will be made prior to embarkation.

(3) The Savings Deposit Program will be administered under the provisions of reference (E).

(4) A deputy disbursing officer will be attached to provide disbursing facilities at destination.

f. Religious Services. Religious Services will be provided as required by embarked Chaplains.

g. Information Services. Appendix 1 (Informational Services) to Annex A (Personnel) to reference (a).

h. Special Services

(1) Units will be issued recreational type items for use during the movement phase.

(2) The administrative headquarters at final destination will support RLT units upon arrival.

(3) Property in custody having a value of $25.00 or less will be embarked by deploying units.

(4) Property in custody having a value in excess of $25.00 will be transferred from the accounts of Division to the administrative headquarters at final destination. Such property will be embarked with deploying units provided authority from the Commandant of the Marine Corps is received prior to departure. Otherwise, the property will be turned in to Division and shipped to final destination upon receipt of authority.

(5) Units will insure that an adequate supply of all classes of property are on hand at time of departure.

(6) Equipment in need of repair, unserviceable equipment and excess equipment will be turned in to Division Special Services prior to time of departure and replacement items will be drawn.

7. PERSONNEL PROCEDURES

a. Overseas tour length remains 13 months.

b. Personnel in units assigned to Embarkation Unit ALFA-1 rotating during July 1969 will be transferred as follows:

(1) Infantry Battalions: To embarkation Unit ALFA-3 infantry battalion, for processing and rotation.

(2) Companies/Batteries of Supporting Battalions/Regiments: To other companies/batteries within supporting battalions/regiments, for processing and rotation.

c. Personnel rotating during August 1969 to be transferred as follows:

(1) Those in units assigned to Embarkation Unit ALFA-2:

(a) Infantry Battalion/Separate Companies: To other Division units as directed by CG, 3d MarDiv.

(b) Companies/Batteries of Supporting Battalions/Regiments: To other companies/batteries within supporting battalions/regiments not embarking with RLT-9.

(2) Those in units assigned to Embarkation Unit ALFA-3.

(a) Infantry Battalion: To Embarkation Unit ALFA-1 infantry battalion, for deployment to Okinawa.

(b) Companies/Batteries of Supporting Battalions/Regiments: To other companies/batteries within supporting battalions/regiments not embarking with RLT-9.

d. Personnel with approved six month extensions of tour in the Republic of Vietnam will be processed in the following manner:

(1) Personnel who are presently on or who have already taken 30 days special leave will be given the option of remaining with RLT-9 or remaining in Vietnam. Personnel desiring to remain in Vietnam will be transferred as directed by CG, 3d MarDiv.

(2) Personnel who have not taken 30 days special leave will be given the option of taking special leave and remaining in Vietnam or waiving special leave and remaining with RLT-9. As an alternative, personnel in this category may cancel their extension and remain with their units.

e. Personnel who cannot accompany RLT-9 by reason of rotation tour date may execute extension of their overseas tour for 3 to 6 months and may accompany their unit to final destination. Such extensions will not entitle personnel to 30 days special leave regardless of length of extension.

B.d

DECLASSIFIED

f. Personnel who have waived their overseas control date for assignment to RVN will be permitted to elect to remain with their deploying unit or be reassigned to a unit remaining in RVN.

g. Personnel in a non-effective category (Hospital, Emergency Leave, Confined, etc.) should be included to the maximum extent practicable within the required strength allocation listed in paragraph 1. It is anticipated that hospitalized patients located in hospitals in Vietnam will be medically evacuated to a hospital located at final destination upon deployment of respective units.

h. Personnel in a UA, missing or missing in action status will be reported to CG, 3d MarDiv for disposition.

i. Casualty reporting procedures will continue in accordance with DivO 3040.2D (SOP for Casualty Reporting).

j.

8. INTERIOR MANAGEMENT. As necessary to continue personnel accounting functions, personnel services, training and control of personnel.

BY COMMAND OF COLONEL DANOWITZ

O. R. SWIGART, JR.
Lieutenant Colonel, U. S. Marine Corps

Annex C (Reports) to Administrative Order 1-69

1. LOADING REPORTS. During loading, Embarkation Unit Commanders will submit an Initial Loading Status Report, Loading Status Reports and a Final Loading Status Report for each ship/embarkation team to the CG, 3d Mar Div (via 3d Mar Div Embarkation Control Office at each POE).

   a. Initial Loading Status Report. Submit within one hour after arrival of each ship at assigned anchorage, berth or beaching point. See Appendix 1 (Loading Reports Format).

   b. Daily Loading Status Reports. After Initial Loading Status Report, submit Status Reports at 0800, 1200, 1600, 2000, 2400 and 0400 until completion of loading of ship. See Appendix 1 (Loading Reports Format).

   c. Final Loading Status Report. Submit within one hour after completion of loading of a ship. Format will be the same as Daily Loading Status Report, paragraph 1.b above, except for line GOLF.

2. SAILING REPORT. Within 24 hours after sailing, Embarkation Team Commanders will submit a Sailing Report by message to CG FMFPAC, with CMC (AO4), COMUSMACV, CINCPACFLT, COMSEVENTHFLT, CG III MAF, CG XXIV CORPS, CG 3RD MARDIV, CG 9TH MAB, CTF 76, NAVSUPACT DANANG, CG FMFPAC (FWD) and NINTH MARINES as information addressees. See Appendix 2 (Sailing Report Format).

3. UNLOADING STATUS REPORTS. Embarkation Team Commanders will submit Unloading Status Reports to the CG, 9th MAB Debarkation Control Office at the POD when unloading commences, and subsequently [illegible] (local time) each day thereafter until unloading is completed and on completion of unloading. See Appendix 3 (Unloading Status Report Format).

4. MOVEMENT REPORTS. Unit Commanders will submit Movement Reports in accordance with Supplement to NWIP 10-1 (B).

5. REPORT OF SHIPBOARD ACCOMMODATIONS AND SPACE FOR EMBARKED TROOPS. Commanding Officers of Troops embarked in assigned shipping will submit report in accordance with FMFPACO 4600.1G (Embarkation SOP).

SECRET NOFORN

B.d

DECLASSIFIED

DECLASSIFIED

6. PERSONAL EFFECTS WITHDRAWAL ROSTER. Five days prior to date of anticipated debarkation, Embarkation Unit Commanders will provide to the Commanding Officer, 3rd FSR a roster of personnel to be embarked in assigned shipping. This roster will be used to draw personal effects from the FMFPAC TRANSIENT FACILITY WESTPAC for delivery to assigned camps on Okinawa. The roster will include an alphabetical listing by unit, of personnel showing rank/grade, serial number and MOS.

7. SPECIAL REPORTS

a. Personnel Rosters. 9th Marines will submit personnel rosters required by CG 3rd MarDiv msg 260106Z Jun 69.

b. Returning Prisoners. All embarking units will notify CG 3rd MarDiv (Attn: ACofS G-1), no later than 10 days prior to embarkation, of the number of prisoners to be returned to the Camp Butler brig.

c. T/E Deficiencies. Units will, immediately subsequent to receipt of this order, report to the CG 3rd MarDiv (Attn: ACofS G-4) all M series T/E shortages. Concurrently, a listing of all on hand special allowance assets (T/E 4960) will also be provided. The ACofS G-4 will direct the redistribution of special allowance assets to fill T/E shortages.

d. Special Allowance Lists. Units embarking detachments will immediately compile special allowance lists reflecting the items of equipment authorized their detachments. Copies of these lists will be provided the CG 3rd MarDiv (Attn: ACofS-G-4). These lists will subsequently be used to compite an EAM card file reflecting the detachment's MARES GB card data base. Detachments will be provided these files for transportation and turn-in to the CG 9th MAB.

8. EMBARKATION ROSTERS. Embarkation Team Commanders will prepare and submit embarkation rosters in accordance with paragraph 3.d. of Embarkation Order 1-69.

2. Procedures for ADCON

a. General. Supported units will in some cases initially be under ADCON directly to Hq Co, 9th MAB until the arrival and establishment of their designated supporting units on Okinawa.

b. Personnel. Supporting units will act as an administrative headquarters for supported units. Unit diary reports will be submitted by all UICs directly to the supporting 9th MAB Data Processing Platoon.

c. Supply/Fiscal. This type of organic support will be provided by the supporting units designated above.

d. MARES/FORSTAT. Reports will be submitted to the CG 9th MAB by supporting units to include the reports of supported units. Hq Co, 9th MAB will receive reports for those units supported by Hq Co, 9th Marines until this headquarters arrives on Okinawa. Once established, this headquarters will receive the reports of designated supported units and organic infantry battalions.

Annex E (Debarkation and Movement from POD in Okinawa) to Administrative Order 1-69

1. Organization/Responsibilities for Debarkation

a. The Commanding General, 9th Marine Amphibious Brigade will be responsible for:

(1) Providing necessary motor transport support for movement of troops, baggage and cargo from the POD to final destination (assigned camp).

(2) Providing pier working parties as required to assist in the unloading and movement of supplies and equipment from POD.

(3) Providing a debarkation coordinator at each POD to assist Embarkation Unit Commanders in the control and coordination of debarkation.

(4) Providing material handling equipment (MHE) and operators at each POD and final destination (assigned camp).

b. The Embarkation Unit Commander will be responsible for:

(1) Coordination with the ship's Combat Cargo Officer to provide for the orderly and expeditious unloading of troops, supplies and equipment from assigned shipping.

(2) Providing required personnel for the unloading of baggage and cargo at final destination (assigned camp).

(3) Providing an embarkation representative at each POD to assist the 9th MAB debarkation coordinator in the control and coordination of debarkation.

(4) Providing required unloading details and working parties (ship's platoons).

2. Debarkation Areas

a. Assignment of Areas and PODs. PODs for ship types are as follows:

SECRET NOFORN

B.d

DECLASSIFIED

TYPE	POD
LPA/LKA	Tengan Pier
LPH	White Beach
LSD	Blue or White Beach
LST	Kin Red Beach

b. Material Handling Equipment

(1) CG 9th MAB will provide MHE at each POD and final destination (assigned camp).

(2) Requirements for additional MHE will be requested from CG 9th MAB by Embarkation Unit Commanders. Submit requests Attn: ACofS G-4.

c. Security of Supplies and Equipment. During execution of debarkation, Embarkation Unit Commanders will be responsible for security of all supplies and equipment until completion of movement to final destination (assigned camp).

3. Debarkation schedules

a. Limiting Dates. Unloading and debarkation will commence not earlier than 17 July 1969 and will be completed not later than 21 August 1969.

b. Unloading and debarkation. Unloading and debarkation will commence for:

(1) Embarkation Unit ALFA - 1 on or about 17 July 1969.

(2) Embarkation Unit ALFA - 2 on or about 2 August 1969.

(3) Embarkation Unit ALFA - 3 on or about 17 August 1969.

4. Control

a. Traffic Circulation and Control

(1) Embarkation Unit Commanders, in coordination with CG 9th MAB, will be responsible for traffic circulation and control measures within assigned debarkation areas and will coordinate such matters with local port and traffic control agencies.

(2) CG 9th MAB will provide convoy guides and escorts and will assist in the movement and control of convoys from debarkation areas to final destination (assigned camps).

(3) Motor Transport support for movement of personnel and cargo will be provided by CG 9th MAB (Brigade Embark, telephone: Camp Hansen 4669).

 B.d

DECLASSIFIED

(4) Embarkation Unit Commanders will provide drivers for all embarked vehicles and will ensure that vehicles have sufficient fuel to be convoyed from POD to final destination (assigned camp).

(5) Embarked Vehicles will not be used to transport troops or cargo other than mobile loaded supplies and equipment.

b. Debarkation Coordination Center

(1) A Debarkation Coordination Center will be established by CG 9th MAB to control and coordinate unloading of personnel, supplies and equipment.

(2) Embarkation Unit Commanders will provide an officer embarkation representative to the 9th MAB Embarkation Officer immediately upon arrival at POD. Embarkation representative must be completely familiar with ship loading plans, arrival dates of shipping, and destination of all embarked unit's supplies and equipment.

c. POD Debarkation Coordinator

(1) CG 9th MAB will provide a debarkation coordinator at each POD to assist in the control and coordination of unloading and debarkation.

(2) Embarkation Unit Commanders will provide an embarkation representative at each POD to assist the 9th MAB debarkation coordinator. Embarkation representatives must be completely familiar with loading plans and destination of all embarked unit's supplies and equipment.

d. Communications. CG 9th MAB (Brigade Embark) will provide communications between PODs and the Debarkation Coordination Center (Camp Hansen, Bldg 2539). Embarkation Unit Commanders will be prepared to provide additional communications as may be required. Frequencies will be provided to Embarkation Unit Commanders by CG 9th MAB (Brigade Embark) upon arrival at POD.

5. Miscellaneous

a. Embarked troops (less ship's platoons) will debark first and be transported to final destination (assigned camp).

b. Messing for debarking troops will be arranged at final destination by Embarkation Unit Commanders.

c. Embarkation Unit Commanders, in coordination with assigned ships, will provide for the feeding of pier working parties. Box lunches will be provided by CG 9th MAB for working parties unloading ships in the stream.

DECLASSIFIED

DECLASSIFIED

d. A representative of CG 9th MAB will visit embarking units prior to embarkation and departure from RVN to provide instructions in the operation of government vehicles on Okinawa and to annotate operator's identification cards (Standard Form 46). Instructions to be issued by separate directive.

Encl: (1) Annex D (Organization/Procedures for ADCON RLT Units) to Administrative Order 1-69

1. Change 1 to subject order is hereby promulgated.

a. Para 1.a.(2) Prescribed Loads (all units)

(1) Class II. Change to read:

Class II - T/E allowances and on hand operating stocks less RVN peculiar supplies and equipment. Maximum 30 DOS housekeeping consumables. Maximum two sets serviceable jungle utilities and boots in hands each individual. Effect authorized issue of utilities to individuals by redistribution of assets as possible.

(2) Class V (W). Change to read:

Class V (W) - BA, to be computed and requisitioned for each Embarkation Unit by 3rd MarDiv Ordnance Officer, delivered to POEs by CG FLC, and embarked by Embarkation Unit Commanders. Units will issue minimum essential Class V (W) as prescribed by Embarkation Unit Commanders for movement to POEs. These items will be collected at POEs by 3rd MarDiv Ordnance Rep.

(3) Class VIII. Change to read:

Class VIII - MAL items and on hand stocks.

(4) Add immediately under Class X:

Encampment/Garrison Property - On hand serviceable items.

SECRET NOFORN

DECLASSIFIED

DECLASSIFIED

(5) Add immediately under Encampment/Garrison Property:

Special Services Equipment - On hand organic items which are serviceable.

b. Para 1.b.(1)(b). Change to read:

(b) Class I

1 Requisitioned by Embarkation Unit Commanders, delivered to POEs by CG FLC, and embarked by Embarkation Unit ALFA - 3.

2 MCI - 15 DOS Mount-Out (MO) and DOS Mount-Out Augmentation (MOA).

3 Ration Operational "B" - 15 DOS MO.

c. Para 1.b.(1)(c)

(1) Delete sentence which reads: Embarkation Units will embark supplies.

(2) Substitute sentence to read: Embarkation Unit ALFA - 3 will embark.

d. Para 1.b.(1)(d)

(1) Delete sentence which reads: Embarkation Units will embark.

(2) Substitute sentence to read: Embarkation Unit ALFA - 3 will embark.

e. Para 1.b(1)(e). Change to read:

e. Class IV

1 3rd MarDiv Embark Officer will compute chocking/dunnage requirements for each embarkation unit. CO, 11th Engr Bn will requisition and deliver to POEs for use by Embarkation Units.

2 Unit commanders will compute requirements for packing and crating material. Walk through requisitions for standard packing/crating material will be

(3.d)

DECLASSIFIED

DECLASSIFIED

submitted to the 3rd MarDiv Engr Officer.

3 CG FLC will compute, pull, pack, mark and deliver to POEs field fortification Mount-Out. Embarkation Unit ALFA - 3 will embark.

4 Lumber - Embarkation requirements for dunnage, chocking, packing and crating material.

5 Field Fortification Material (MIC F, Type III) 30 DOS.

f. Para 1.b.(1)(h)

(1) Delete sentence which reads: Embarkation Unit Commanders will embark same.

(2) Substitue sentence to read: Embarkation Unit ALFA - 3 will embark.

g. Para 1.b.(1)(i). Change to read:

1 CG FLC will compute, pull, pack, mark and deliver 30 DOS MO to POEs. Embarkation Unit ALFA - 3 will embark.

2 Augmentation items of equipment and special medical supply items as directed by the 3rd MarDiv Surgeon.

3 Dental - Basic allowance and combat supply blocks as provided by CO, 3rd Dental Co.

h. Para 1.b.(2). Change to read:

(2) Supplies and Equipment at Destination

(a) Upon redeployment to Okinawa, supply support will be provided to elements of RLT-9 as shown in Annex D (Organization/Procedures for ADCON RLT Units).

(b) Supply officers of units sending detachments will on order of CG 3rd MarDiv invoice all detachment custodial items to units designated to provide supply support by Annex D (Organization/Procedures for ADCON RLT Units).

(c) CG 9th MAB will provide funding support to RLT-9 units.

DECLASSIFIED

i. Para 1.c.(1). Change to read:

(1) Requisitioning. All 9th Marines/2nd Battalion, 12th Marines/1st Searchlight Battery outstanding requisitions held by FLC (MC 100) will be cancelled on order of CG 3rd Mar Div. New skeleton requisitions for these cancelled will be machine prepared and provided these units for resubmission to the Provisional Service Battalion, 9th MAB.

j. Para 1.c.(2)(a). Delete word "Excess" at the beginning of the second sentence and substitute the words "On hand".

k. Para 1.c.(2)(c). Add sentence to read All other items of non-TAM garrison property will be turned in to FLSG BRAVO.

m. Para 2.d.(1). Change to read:

(1) Malaria prophylaxis, both daily and weekly, will be continued for respective periods of 30 days/8 weeks after departing RVN. Strong command attention will continue in this area.

n. Para 3.b.(2). Change reference (b) to reference (c).

o. Para 3.c. Add sentence to read: Port facilities of Dong Ha, Cua Viet, Tan My, Red Beach and Danang are available and will be utilized as directed by Embarkation Order 1-69.

p. Para 3.d.(1)(a). Add sentence to read: Embarkation Unit Commanders will submit the composition of their unit's advance party to the RLT Commander for approval.

q. Para 4.a.(2)(b) and (c). Change to read:

(b) Embarking units will not turn equipment in to FLSG BRAVO for repair subsequent to 30 June 1969 unless FLSG BRAVO maintenance personnel indicate that repairs can be accomplished prior to embarkation.

(c) Equipment in the hands of supporting field maintenance units which can not be returned in time to be embarked with parent units will be evacuated via the maintenance chain. All equipment requiring 1st or 2nd echelon maintenance will be embarked by parent units. Equipment

DECLASSIFIED

requiring 3rd echelon maintenance held by parent units will also be embarked by these units.

r. Para 6.g. Change to read:

g. Controlled Item Reporting. Units ensure that controlled item reporting is conducted in accordance with MCO 4440.19D. Units providing detachments will prepare appropriate reports (NAVMC 10694) for their detachments. These reports will be forwarded along with the invoices of detachment custodial property to the designated supporting unit on Okinawa. Additionally, detachments must be provided with special allowance lists reflecting the actual equipment authorized and possessed.

s. Add Annex D (Organization/Procedures for ADCON RLT Units) to ANNEXES on the last page of Administrative Order 1-69, and include enclosure (1), Annex D, with the basic order.

2. Change 1 to Annex B (Personnel) to subject order is hereby promulgated.

a. Para 1.b. Change to read:

b. Personnel reports will continue to be submitted in accordance with current directives and Annex C (Reports).

b. Para 5. Add subparagraph 5.c. to read:

c. Those personnel listing as missing in action will be administered in accordance with Force Order 3040.2.

c. Para 6.e.(2). Change to read:

(2) If desired, arrangements for token pay will be made prior to embarkation.

d. Para 6.e.(3). Change reference (d) to reference (e).

DECLASSIFIED

DECLASSIFIED

e. Para 7. Add subparagraph 7.j. to read:

j. Personnel required as supplementary augmentation to attain numerical strengths required in the troop list will be selected on a priority basis established by CG 3rd MarDiv msg 260106Z Jun 69.

3. Change 1 to Annex C (Reports) to subject order is hereby promulgated.

a. Add paragraph 7 to read:

7. SPECIAL REPORTS

a. Personnel Rosters. 9th Marines will submit personnel rosters required by CG 3rd MarDiv msg 260106Z Jun 69.

b. Returning Prisoners. All embarking units will notify CG 3rd MarDiv (Attn: ACofS G-1), no later than 10 days prior to embarkation, of the number of prisoners to be returned to the Camp Butler brig.

c. T/E Deficiencies. Units will, immediately subsequent to receipt of this order, report to the CG 3rd MarDiv (Attn: ACofS G-4) all M series T/E shortages. Concurrently, a listing of all on hand special allowance assets (T/E 4960) will also be provided. The ACofS G-4 will direct the redistribution of special allowance assets to fill T/E shortages.

d. Special Allowance Lists. Units embarking detachments will immediately compile special allowance lists reflecting the items of equipment authorized their detachments. Copies of these lists will be provided the CG 3rd MarDiv (Attn: ACofS G-4). These lists will subsequently be used to compile an EAM card file reflecting the detachment's MARES GB card data base. Detachments will be provided these files for transportation and turn-in to the CG 9th MAB.

b. Add paragraph 8 to read:

8. EMBARKATION ROSTERS. Embarkation Team Commanders will prepare and submit embarkation rosters in accordance with paragraph 3.d. of Embarkation Order 1-69.

d. Para 4.a.(2) Maintenance

(1) Add subpara (e) to read:

(e) Units furnishing detachments for embarkation with RLT-9 who have credited these detachments with assets currently held in 3d FSR Maintenance Shops will (1) Invoice the items to the organization designated to support their detachment as shown in Annex D (Organization/Procedures for ADCON RLT Units) of the Admin Order (2) Initiate messages to the 3d FSR requesting that the owning unit shown on applicable TEROS be changed to reflect the unit to which the equipment was invoiced. The unit receiving the equipment should be an info addee on all such messages.

e. Para 4.b.(5). Coordinating Instructions

(1) Add subpara 5,6 and 7 to read:

5 Units will embark T/E allowances of M-40, M-700 sniper rifles. Report excess to Division Ordance Officer for disposition instructions.

6 Units will not embark 60mm mortars or any other special allowance equipment without permission CG, 3dMarDiv (ATTN: ACofS, G-4).

7 All units vacating cantonment areas must receive clearance from appropriate base coordinator. (See Annex B (Engineer) to Division Admin Order 1-69)

2. Request addressees acknowledge receipt.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

a. Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal: Enter time information is received within section.

b. Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal: Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded, as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

b. Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

a. Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal: Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal: Enter time information is received within section.

b. Time Out:

(1) Unit Journal: Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal: Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily, or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

a. Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

b. Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "I", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

a. Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

b. Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

a. Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal: Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal: Enter time information is received within section.

b. Time Out:

(1) Unit Journal: Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal: Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

a. Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

b. Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

INSTRUCTIONS FOR KEEPING JOURNAL

1. Heading:

a. Unit or Section:

(1) Enter designation of unit if this is a unit journal for regiment, air group, or smaller unit.

(2) Enter designation of section if this is a section journal maintained by a general staff section.

b. Place: Enter coordinates or name of locality.

c. From: Enter date, time, and time zone that journal is opened.

d. To: Enter date, time, and time zone that journal is closed.

2. Body:

a. Time In:

(1) Unit Journal. Enter time information is received within unit. In most instances this would be TOR at unit communication center.

(2) Section Journal. Enter time information is received within section.

b. Time Out:

(1) Unit Journal. Enter time outgoing information is delivered to addressee. In most instances this would be TOD by unit communication center.

(2) Section Journal. Enter time outgoing message is delivered to originator's communication center for transmittal, or time information is transmitted by releasing section.

c. Serial No.: Number each entry consecutively as information is received by keeper of journal.

d. DTG: Enter date/time group of radio message.

e. Incidents, Messages, Orders:

(1) Important incidents, messages and orders are recorded as they are made known.

(2) Although brief, entries must include all vital elements of information, such as what, where, when, how, and who.

(3) Original entries should not be altered, but should be supplemented or corrected by later entries when necessary.

(4) A synopsis of written or oral messages is entered in the journal, leaving the full account for the journal file and other supporting documents.

(5) Oral messages are reduced to writing and processed like written messages.

f. Action Taken: This column is used to indicate administrative action taken, such as, routing to cognizant unit staff officer(s), dissemination of pertinent information and/or filing of message. Some of the more common symbols used to indicate action taken are: "M", posted on situation map; "S", circulated to unit staff; "T", information disseminated to troops or subordinate units; "F", filed in journal file.

3. Ending:

a. Summary: A brief summary of major activities, with reasons underlying decisions, is entered in the journal at the close of each day. This is written in narrative form under the column entitled "Incidents, Messages, Orders."

b. Closing: Journals are closed daily or at the end of periods or phases prescribed by higher authority.

4. Journal File:

Journal file is considered a part of the journal. It contains messages, orders, records of conversation, and other documents supporting journal entries.

5. Supporting Forces

a. Artillery and Fire Support Coordination

(1) Fire Support Coordination. Standard techniques and principles were used. The coordination problem was more complex due to the proximity of Vandegrift Combat Base. With the initiation of Operation UTAH MESA, fire support coordination became more complex in that many fires in contiguous areas had to be cleared with ARVN, JTG Guadalcanal as well as 9th Marines before execution.

(d) Surveillance

22 KIA(C)
4 Bunkers
1 Secondary explosion

(e) Centralized technical and tactical control was utilized throughout.

b. Air Support

(1) Fixed Wing Support

(a) Weather was good throughout the operation, making it possible to utilize all forms of fixed wing support. A minimum of TPQ missions were requested and very few were hit due to a limited number of suitable hard targets.

(c) A total of 72 CAS missions were conducted accounting for the following BDA:

17 KBA, 8 probables
2 .50 Cal guns destroyed
33 Bunkers damaged, 58 destroyed
1 AA position destroyed
15 Secondary explosions and fires
3 Structures destroyed
28 Positions destroyed
2 Storage pits destroyed

(d) Thirteen day and sixteen night TPQ missions were run dropping 241,500 pounds of ordnance.

(e) Tactical air observers flew 104 missions for a total of 304 hours.

(f) Flareships flew 15 missions in support of troops in contact and night medevacs. "Spooky" was utilized five times.

(g) Three psywar flights were flown.

DECLASSIFIED

DECLASSIFIED

(2) Helicopter Support

(a) Helicopter support was more than sufficient to support the tactical mission of the Regiment. Use of UH-34 aircraft greatly improved the command and control support which had heretofore been marginal.

(b) Helicopter support data:

1	379	Helicopters utilized
2	48	Medevac missions for 346 evacs
3	4,231	Troops moved
4	20	Company size or larger units helilifted
5	12	Battery lifts

(c) Helicopter utilization:

Type	Number of Aircraft
CH-54	1
CH-53	65
CH-47	6
CH-46	205
UH-1E	150
UH-34	52

c. Co A, 3d SP Battalion. Co. A provided Helicopter Support Teams (HSTs) down to the company and battery level. Terminal guidance was provided for incoming helicopters; external and internal loads were received and sent out; and assistance was provided for the construction of LZs. Shore Party personnel also provided logistical assistance at the Vandegrift Combat Base and Quang Tri Combat Base Logistic Landing Zones.

d. Co C, 3d Engineer Battalion. Co. C provided close combat support throughout the operation with a platoon assigned to each infantry battalion. Primary tasks were the construction of LZs, the improvement of FSBs, and the destruction of captured enemy material.

6. Intelligence

a. Terrain Description. Operation CAMERON FALLS was conducted in the mountainous terrain south and south west of Calu. The vegetation covering the majority of the area between the Da Krong River and the Quang Tri River was mostly triple canopy. The terrain to the south of the Da Krong River and above the Laotian salient was covered with elephant grass in the low ground and triple

DECLASSIFIED

canopy in the high ground. Observation was limited to the Da Krong River Valley and Quang Tri River Basin. Trafficability in the low ground was fair-to-good, especially along the rivers, while that in the high ground it was fair-to-poor and restricted to the numerous paths along the ridges and fingers.

b. Enemy Tactics

(1) At 010215 June a company size enemy force unsuccessfully attacked FSB WHISMAN utilizing RPGs, rifle grenades, S/A, mortars, and possibly one RR, satchel charges, and chicoms. Of significance was the fact that each NVA soldier carried 8 concussion grenades instead of the usual 2-3 fragmentation chicoms. The enemy used sandbags, logs, and bamboo bangalore torpedoes to breach the wire. One POW claimed that his unit had received the operation order at 311000H May to attack FSB WHISMAN. This time was prior to the occupation of FSB WHISMAN by 2/9. The POW added that the attackers had cut a trail up to FSB WHISMAN with machetes and had received no withdrawal information. It is noted that this attack lacked the detailed reconnaissance and planning which normally precede NVA sapper attacks.

(2) On 5 June H/2/9, in GS 0636, surprised a 2-man NVA LP, killing one while the other fled uphill. Shortly thereafter the point element of the company walked into an L-shaped ambush consisting of four light machine guns, two on the right flank and two in front in the rocks 20-30 feet above the friendly position. Contact was maintained throughout the night and the following day until a second Marine rifle company reinforced Hotel Co. 57 NVA bodies were found after the battle, some of whom where snipers tied in trees. Many concussion grenades were again in evidence. Subsequent search of the area uncovered what was believed to be a Battalion CP in the area of contact, and a possible battalion or regimental CP across the river.

(3) On 17 June 2/9 found a sketch of an attack plan believed to be against 3/9's position on Dong Cho Mt. It was passed to 3/9 the same day. That night an ambush from K/3/9 spotted 60 lights 10 meters apart weaving up Dong Ta Ri Mt. NW of Dong Cho and moving in an easterly direction. Over 1100 rounds from seven batteries were fired on the lights with excellent results. No attack was executed against Dong Cho.

c. Purpose of Special Equipment. A possible explanation for the large number of concussion grenades is that they

DECLASSIFIED

are well-suited for close-in fighting, because they expel small amounts of shrapnel. These grenades were also being substituted for regular satchel charges. One type was threaded at both ends enabling two to be screwed together. Another variety was tied together with wire and plastic cord.

d. Enemy Appearance. The NVA KIAs were neat, light green uniforms, new combat gear and steel helmets. Many of the enemy were of large stature (between 5'8" and 6' in height). Weapons were serviceable and nearly new.

e. Psyops. Within two hours after a Hoi Chanh had rallied to G/2/9 on FSB WHISMAN, the Battalion was employing the psyops "early word" broadcast system. The Hoi Chanh claimed that over 200 of his fellow soldiers were to the NW of WHISMAN and wanted to Chieu Hoi. There was no response noted to the broadcast.

f. Enemy Units' Designations. On 30 May M/3/9 picked up a wounded POW who was from the 57th Regt., 304th Div. Further, documents taken off NVA KIAs at FSB WHISMAN mentioned units in the 559th Transportation Group and 8th company, 5th Bn, 57th Regt., 304th Div.

g. Conclusions. The evidence from the contacts, living complexes and trails found indicate that the NVA infiltrated to the lower Da Krong River by moving east along route 926 and NE to the Da Krong River. The rockets on VCB in May could have been the precursor of planned continuous pressure on allied positions by the 57th Regt. However, the deployment of 2/9 and 3/9 along NVA LOCs probably disrupted the enemy's resupply and troop-movement schedules. In all probability the remaining enemy evaded the 9th Marines screening forces and escaped to the Laotian Salient and into Base Area 101. That JTG Guadalcanal has had contact with elements of the 57th Regt. south of the Khe Sanh plateau, supports the latter premise. It is considered probable that spoiling operations by the 9th Marines upset a carefully-planned time table of NVA aggression against friendly installations and FSBs.

7. Mission. 9th Marines(-) (Rein) conducts operations in the upper Da Krong and western Ba Long valleys to locate and destroy the enemy forces deployed therein.

8. Concept of Operations. 9th Marines (-) (Rein) conducts a two battalion search and destroy operation to the E and NE of FSB SHEPHERD and FSB WHISMAN commencing on 29 May 1969. Fire Support is provided from FSB SHEPHERD and FSB WHISMAN by 2d Bn, 12th Marines.

9. Execution

29 May Operation CAMERON FALLS commenced. 9th Marines assumed opcon of 3/9 from TFH effective 291000H. 3/9(-) at this time operating in vic of FSB SHEPHERD; FSB SHEPHERD had been activated on 25 May.

30 May Plt K,I/3/9 lifted from VCB to FSB SHEPHERD. 3/9 commenced operations oriented to the E of FSB SHEPHERD.

31 May 2/9(-) conducted a heliborne assault from VCB to FSB WHISMAN to seize and initiate search and destroy operations oriented to the E and NE of FSB WHISMAN.

1 Jun At 0215H, G/2/9 at FSB WHISMAN was attacked by an estimated NVA Co; results 3 FR KIA, 9 FR WIAE, 19 NVA KIA, 1 PW, 1 Hoi Chanh, 15 IWC, 2 CSWC. At 1400H, F/2/9 vic 993345 made contact with 2 NVA, killing both and capturing 1 AK-47. At 1730H Recon Tm "Churchview" vic 923279 made contact with 10-15 NVA, killing 4; AO on station killed 4 more. FSB WHISMAN was formally reactivated, with E/2/12 and W/2/12 in battery.

2 Jun H/2/9 lifted from VCB to WHISMAN. At 1035H a CH-46 vic 988408 crashed and burned near M/3/9 position, results 2 FR KIA, 4 FR WIAE. From 0925H-1415H, M/3/9 vic 988410 in contact with unknown number of NVA in defensive positions. Results 2 FR KIA, 12 FR WIAE. At 1100H, G/2/9 vic 975334 took 1 NVA under fire, results 1 NVA KIA, 1 AK-47 captured. At 1445H, F/2/9 vic 995350 rec'd 16-20x82mm mortar rds from vic 998337. Neg casualties. At 1853H, K/3/9 at Calu rec'd 22x60mm mortar rds from vic 007445. Neg casualties.

3 Jun At 1750H, M/3/9 vic 988406 found 4 individual NVA wweapons. At 1800H, L/3/9 at FSB SHEPHERD rec'd 1x60mm mortar rd from vic 943426. Neg casualties. 2/9 terminated the initial westward orientation of its operations, and reoriented to the N, NE and E.

4 Jun K(-)/3/9 lifted from VCB to FSB SHEPHERD. H/2/9 lifted from vic 964314 to LZ TICONDEROGA. At 1100H, Recon Tm "Frostburg" vic 033260 made

contact with unk results. At 1430H, I/3/9 vic 990404 made contact with 1 NVA, neg results. At 1610H, H/2/9 vic 009345 made contact with neg results. At 1700H, I/3/9 vic 990404 made contact with another NVA, res 1 NVA KIA. At 1800H, CP/2/9 at FSB WHISMAN rec'd 2 rds, flat trajectory fire from GS 9732, neg casualties.

5 Jun — 2/9 began to sweep to the E along N bank of Da Krong with two company force. At 0650H, CP,G/2/9 at FSB WHISMAN rec'd 3 rds enemy arty fire from vic 970303; neg casualties. From 1450H-1700H, H/2/9 vic 020364 to 019362 made contact with unk size enemy force; 2 NVA KIA, 1 SKS captured, 4 FR WIAE. At 2027H CH-46 medevac helicopter was shot down at 019362 while attempting to extract H/2/9 wounded. H/2/9 contact continued with additional casualties: 3 FR KIA, 7 FR WIAE, 4 NVA KIA.

6 Jun — From 0130H-0900H, H/2/9 continued in contact vic 019362, and was probed from NE and E; res 7 FR KIA, 13 FR WIAE, 2 FR WIANE, 1 NVA KIA, 2 AK-47 captured. From 1750H-1805H, FSB WHISMAN rec'd a total of 20x60mm mortar rds from vic 977324. Neg casualties. Total results of H/2/9 contact 5-6 June were 11 FR KIA, 38 FR WIAE, 27 FR WIANE, 34 NVA KIA, 13 IWC, 1 CSWC.

7 Jun — At 0700H 9th Marines passed opcon of A/1/9 to 3/9. L/3/9 began to conduct S&D operations to E from FSB SHEPHERD, along S and W bank of Da Krong. At 1140H, CP/2/9 at FSB WHISMAN rec'd 3x60mm mortar rds from vic 994311; neg casualties.

8 Jun — 3/9 began to deploy E towards Dong Cho Mt. 2/9 continues 3 company search and destroy operations E along north and south banks of the Da Krong River. At 1030H, CP/2/9 at FSB WHISMAN rec'd 4x60mm mortar rds from vic 986320; neg casualties.

9 Jun — CP/3/9 lifted from FSB SHEPHERD to Dong Cho Mtn, Hill 824. At 0935H, CP/2/9 at FSB WHISMAN rec'd 2 rds, 82mm mortar, from vic 981308. Neg casualties. At 2245H, K/3/9 vic 006399 observed 50-60 lights moving to W on Hill 452. Arty and air called with excellent results.

DECLASSIFIED

10 Jun "A" Cmnd/2/9 lifted from vic 926363 to FSB WHISMAN. H/2/9 lifted from vic 020365 to VCB for an overland move to secure FSB HENDERSON by morning of 11 June.

11 Jun 2/9 continued search and destroy operations to the E along theDa Krong River in the SW sector of the Regimental AO. 3/9 continued search and destroy operations along S bank of Da Krong in the central portion of the AO and on the southern slopes of Dong Cho Mtn. H/2/9 moved overland from Calu and secured FSB HENDERSON at 0940H. At 1035H, CP/2/9 at FSB WHISMAN rec'd 4x82mm mortar rds from GS 9631; res 4 FR WIAE. CP/2/9 lifted from FSB WHISMAN to FSB HENDERSON, at 1535H. FSB HENDERSON opened with W/2/12 and E/2/12 in battery.

12 Jun G/2/9 lifted from FSB WHISMAN to VCB. Effective 1120H 9th Marines assumed opcon of G/2/9 from 2/9 and passed opcon to TFH for employment as Division Bald Eagle/Sparrow Hawk.

14 Jun E/2/9 and F/2/9 lifted from vic 072345 to VCB. 2/9 "A" Command Group lifted to VCB from FSB HENDERSON. L/3/9 vic 991378 found 1 Bru, miscellaneous military and fighting gear. W/2/12 lifted from FSB HENDERSON to VCB.

15 Jun E/2/12 lifted from FSB HENDERSON to VCB. 2/9 "B" Command and H/2/9 lifted from FSB HENDERSON to VCB. At 0830H M/3/9 vic 059397 made contact with 3 NVA, killing 1. At 1230H I/3/9 vic 994403 detonated a suprise firing device; res: 2 FR KIA, 3 FR WIAE.

16 Jun 3/9 began to orient search and destroy operations to NW. Effective 0600H 9th Marines passed opcon of A/1/9 to TFH for chop to JTG Guadalcanal. M/3/9 lifted from 072423 to FSB SHEPHERD. CP/3/9 lifted from Dong Cho to FSB SHEPHERD.

18 Jun 3/9 terminated search and destroy operations in vicinity of Dong Cho Mt. and began 3 company search and destroy operation in Western portion of AO South from FSB SHEPHERD and SW from the Da Krong River.

DECLASSIFIED

19 Jun I/3/9 lifted from vic 002417 and 018396 to FSB SHEPHERD to relieve M/3/9 of security of FSB.

22 Jun 3/9 deployed K and L/3/9 to W to exploit recon team sightings and contact.

23 Jun Effective 0600H 9th Marines passed opcon of 3/9(-) (with K,L,M/3/9) to JTG Guadalcanal, anticipating 3/9's relief of 1/9 in JTG Guadalcanal's AO. D/2/12 lifted from FSB SHEPHERD to VCB. I/3/9 lifted from FSB SHEPHERD to vic 830346 at 1815H, and was passed opcon to JTG Guadalcanal. Operation CAMERON FALLS terminated at 232400H.

10. Results

a. Friendly Personnel Losses

(1) KIA - 23

(2) WIA - 102 Evac, 32 Non Evac

b. Enemy Personnel, Supply, Ordnance, and Material Losses

(1) Personnel:

(a) KIA	125
(b) POW	2
(c) Detainees	4
(d) Hoi Chanh	1

(2) Weapons:

(a) IWC	82
(b) CSWC	7

57mm	-	3
75mm	-	8
(d) RPG rds	-	47
(e) Rocket rds (122mm)		2
(f) Grenades	-	355
(g) Explosives	-	78½ lbs
(h) Det Cord	-	146'

(4) Rice - 4,166 lbs

(5) Comm Wire - 3 Miles

(6) NVA Structures

(a) Bunkers	221
(b) Trenches	2
(c) Living Areas	144
(d) Fighting Holes	35
(e) Hospitals	1
(f) Caves	35

11. Administrative Matters. The Administrative/Logistics Annex to the Operation Order was considered adequate.

a. Supply. Helicopter asset availability was limited, nevertheless, resupply was accomplished with a minimum of delay and units received a maximum amount of supply. During Operation CAMERON FALLS a total of 283 CH-46 and 84 CH-53 external resupply lifts were requested. 224 CH-46 lifts were completed for a total of 79 per cent and 69 CH-53 lifts for a total of 82 per cent. It should be noted that helicopter support of the personnel replacement program realized a notable improvement. The problem was solved by dedicating sufficient numbers of helicopters on Tuesday, Thursday, and Saturday to the task of carrying passengers to 9th Marines units. It should also be noted that the Vandegrift LSA introduced a new concept for preparing resupply lifts for units in the field. 3d Shore Party Bn drew the various supplies and staged them for the unit, having earlier received the requirement from the individual battalions. There were no significant problems noted with this plan. Resupply for Operation CAMERON FALLS was completely satisfactory.

DECLASSIFIED

DECLASSIFIED

b. Maintenance. No significant maintenance problems were encountered.

c. Treatment of Casualties. During operation CAMERON FALLS, the Regimental Aid Station remained at Vandegrift Combat Base with the Regimental Command Group. From this location medical support was provided to the Battalion Aid Stations in the field and at Vandegrift Combat Base. Patients requiring medical care were evacuated to 3d Medical Battalion, Quang Tri, or C-Med, Vandegrift. There were a total of 102 WIA evacuated and 32 WIA not evacuated. All the evacuated wounded were treated at 3d Medical B ttalion. Other medical problems were mimimal, and there was a notably low incidence of fever of unknown origin(FUO).

d. Communications

(1) General. During Operation CAMERON FALLS, the communications Platoon provided communications support from the Regimental CP at Vandegrift Combat Base, Quang Tri, Hill 819, and Signal Hill.

(2) Radio. The Regimental Staff operated from Vandegrift Combat Base utilizing the communications facilities normally operating at the CP. Direct communications with units operating the Da Krong River Valley was anticipated impossible using the VHF/FM radio equipment. The problem was solved by placing a relay station on Hill 819.

(3) Wire/Radio Relay. The wire and radio relay systems utilized were those organic to the Vandegrift Combat Base complex.

(4) Message Center. The message center provided daily courier service for the Regiment between Vandegrift Combat Base and Quang Tri. Task Force Hotel continued to guard for tactical messages.

12. Special Equipment and Techniques. None

13. Commander's Analysis. CAMERON FALLS was an offensive operation with the mission of entering an area in which the enemy was known to be concentrating, locate, engage and defeat him as well as destroy his fortifications and supplies. The numerous sightings and contacts quickly substantiated the presence of the enemy in strength. The confirmed number of soldiers killed (125) indicated that he was willing to defend his lines of communication

and his strategic area, located to the northwest and south of Dong Cho Mountain. The location and destruction of 221 bunkers and 144 living areas thwarted a substantial build-up that could seriously threaten Vandegrift Combat Base and the Mai Loc/Cam Lo areas.

The operation proved the requirement for rapidly establishing defenses upon occupation of a fire support base and the use of listening posts forward of the base to detect and identify attacks against the FSB. Further, the value of aggressive, small unit patrols (platoon size) and the disadvantage of larger scale (company size) movement was evidenced. The former permitted surprise, early engagement and pursuit; the latter, provided opportunity for detection, dispersion and withdrawl by the enemy. The company is too cumbersome to move quickly and quietly over the type of terrain encountered in Operation CAMERON FALLS. Once again, experience proved the valuable role of air observers overhead during movement to contact, as well as during contact; the requirement for well coordinated use of supporting arms (air and artillery); and, the validity of the Marine Corp's search and destroy techniques.

14. Recommendations. None
