1. Operations

A. 1st Battalion, 9th Marines

(1) At 311800H a tank operating with the 2d platoon, Company A in the vicinity of (BT 093658) detonated a mine immobilizing itself and causing two minor USMC WIA. The platoon also received 15 rounds of automatic weapon small arms fire from (BT 093654) at this time. No fire was returned since a target was not visible. The disabled tank was towed to the Company CP; the two WIA'S were not evacuated.

(2) At 311800H the 1st platoon, Company B on a S/D mission encountered about ten men (BT 049703) armed and appeared to be carrying three mortars strapped to men's backs. The Marines directed about 600 rounds of 7.62, five 3.5 rounds and eight M-79 rounds at the enemy and physically pursued. The VC fled west and then north from the position returning about 200 rounds of small arms fire. The Marines inflicted four VC KIA (body count), two KIA (possible), one VCS WIA captured and evacuated to USNH. Captured equipment including three CHICM grenades, one belt, one notebook, documents and cardboard containers possibly used for mortar ammo. An extensive tunnel network was also located (BT 045704), searched and destroyed.

(3) At 311830H 3d platoon, Company A received sniper fire from the rear of their position (BT 093650); enemy located about 400 yards north-northeast vicinity (BT 093654) and fired about 25 rounds with automatic rifle. Marines returned about 80 rounds of 7.62, three rounds M-79 and searched the immediate area, VC casualties were not evident. Sustained two USMC WIA's (minor).

(4) At 311840H Company, 3d platoon patrol (BT 093658) received about six rounds of sniper fire from some 1000 yards range (west) across the [REDACTED] Fire was not returned because of distance and exact target not determined. No USMC casualties.

(5) At approximately 311845H a Company D FFB (BT 066629) received [REDACTED] rounds of sniper fire from undefined VC position east-northeast of [REDACTED]. Fire was not returned because the target was unknown, sustained one USMC WIA non evacuated (shoulder wound).

~~CONFIDENTIAL~~

(6) At 311900H the 3d platoon, Company D in PPB (BT 066629) received about 30 rounds of small arms fire from an estimated three VC in trench (BT 067827). The PPB fired eight rounds of small arms, four rounds of M-79 and one M-72 at the muzzle flashes and searched immediate area of the position with no sign of VC casualties.

(7) At 312000H the 1st platoon, Company A, moving into PPB (BT 120643) received one round incoming (estimated) 60mm mortar round; sustained one USMC WIA med evacuated. FO called fire mission on suspected position, fired 15 rounds of 81mm HE and noted secondary explosion in target area. Squad searched area with negative results.

(8) At 312104H the Company D PPB (BT 066629) received five rounds of sniper fire from the southeast. Fire was not returned due to darkness and location of VC unknown.

(9) At 312150H the FO (D3) reported observing from his location (BT 050680) twelve explosions he believed were 81mm mortars; they appeared to be possibly 3000 meters west of him, six air bursts and six ground bursts.

(10) At 312200H 2d platoon Company B PPB (BT 046704) observed about twenty VC along stream bed (BT 042706), some with helmets, mixed uniforms (green and khaki) and one believed carrying mortar on his back. Directed four rounds 3.5 HE and two rounds of 3.5 WP, 400 rounds 7.62 and called 81mm mortar concentration. VC did not return fire, but fled. VC casualties believed four KIA (possible) and six WIA (possible); continued search of area; negative results.

(11) At about 312200H the Company D PPB (BT 066629) received about 30 rounds of sniper fire from several hundred yards south of the position, fire included one automatic weapon. The Marines returned 50 rounds of small arms and fired four M-79 rounds at the vicinity of observed muzzle flashes. Search of immediate area proved negative.

(12) At 312220H the Company A 81mm mortar concentration (#128) was fired (BT 097634) with four rounds of HE. The impacting mortar rounds caused five secondary explosions. Four additional rounds were fired at the target without unusual effect.

(13) At 011420H one platoon from Company K (3/9) was helilifted to (BT 048703) to augment search and destroy forces in that area. Total of six platoons participated; three platoons from Company B, one from Company L (3/9), one from Company K (3/3) and the helilifted platoon (K/3/9). Negative contact as of reporting period.

B. 3d Battalion, 3d Marines

(1) At about 010800H an ARVN truck was fired upon by estimated four VC (BT 028644) with one AR and several carbines. A squad patrol was dispatched from Company E; search of area was negative; three women indicated the VC proceeded southwest.

(2) At 011050H a Company I squad patrol (Rein) with engineer team and two ontos actuated a booby trap vicinity (AT 985633) resulting in two WIA USMC (one med evacuated); patrol then continued on to HA DONG Bridge, met LVTE and returned to Hill 55.

(3) At 011130H platoon Company F (2/9) made contact with VC vicinity BICH NAM (AT 999638) sustaining one WIA (med evacuated); returned fire with 14 rounds of artillery mission (BT 003632) and an 81mm mortar mission (28 rounds HE, two rounds WP). Tanks were moved to support and Company K (3/2) reserve platoon alerted.

(4) At 011230H platoon Company F was in contact with estimated ten VC, receiving small arms fire and automatic weapons fire. Sustained one WIA (med evacuated). Directed 48 rounds WP and two rounds HE in artillery mission against VC position vicinity (BT 003633) with good effect; tank fired 69 rounds HE and 17 rounds WP 90mm (BT 003633) to (BT 003630). VC fire had ceased, detailed search of enemy positions underway at 1305H.

(5) At 011220H the Company E LVT river patrol (BT 003653) received about 20 rounds of small arms fire estimated three VC armed with carbines on east bank of SONG VINH DIEN. Squad on LVT returned 40 rounds of small arms, and the river block (BT 031648) fired three rounds of 106mm RR at the VC. When one VC attempted to drag another away, the 106mm RR fired another round which caused VC to fall. LVT moved to east bank, Marines search area. One VC KIA (body count), one VC WIA (possible).

(6) At 011550H 3d Battalion, 3d Marines requested Sparrow Hawk to reinforce friendly troops engaged with an estimated five to ten VC at (AT 970650) and (AT 967647). At 011615H Sparrow Hawk squad landed (AT 964643) after UH-1E's conducted airstrike. Sparrow Hawk retracted at 011706H.

1. Operations

A. 1st Battalion, 9th Marines

(1) At 032215H the 1st Battalion, 9th Marines reported that an ARVN Tourane River patrol (vedette) vicinity (BT 045740), with Marine communicators aboard, received small arms fire from the west bank of river. The vedette returned the fire, sustained two VN and one USMC WIA's and withdrew to its pier. The 1st Battalion determined through the 3d Battalion that a Marine patrol on the west bank had accidentally fired on a 25 foot launch and received fire. All casualties were minor. No hospitalization required.

(2) At 032015H a Company D squad patrol (BT 078642) reported hearing explosion similar to impacting 81mm mortar round southeast of its position; origin and exact nature unknown. Patrol checked area but could not ascertain any details of the incident.

(3) At 041230H a Company C squad patrol apprehended one VCS north of CAU HA (2) (BT 084661). The man attempted to avoid patrol and ran but halted when challenged. Returned to Bn CP for interrogation.

B. 3d Battalion, 3d Marines

(1) At 031820H an engineer team with Company L destroyed three emplacements in place, one 81mm round (AT 953654), one 60mm round (AT 946662) and one M-26 grenade (AT 946664).

(2) As of 032125H, clearing operation vicinity Hill 55 had progressed to the south along river to (AT 974613) where two ramps have been constructed to permit LVT's easy access to the bank or river. Six line charges have been used and nine secondary explosions achieved, one of which was possibly a 155mm shell or larger. The VC mines were laid in triangular pattern on crests that might be used by vehicles. Plan to continue southwest, clear ridge (GS 9661) and crest (AT 968613).

(3) At 032244H an H&S Company provisional platoon position, on CP perimeter (AT 962685), received six rounds of small arms automatic weapons fire. Exact source of the fire could not be determined. No fire was returned, no USMC casualties reported.

1. Operations

A. 1st Battalion, 9th Marines

(1) At 072135H an H&S Company squad moving along route vicinity TRA KHE (2) to ambush position when point man detonated a booby trapped grenade (BT 074678); three Marines WIA, medevac.

B. 3d Battalion, 3d Marines

(1) At 071930H a Company L squad (wire team) apprehended two VCS vicinity DUYEN SON (AT 943664); one VCS had 26,500 piasters, the other had 17,700 piasters. Interpreter suspects they are VC supply men, evac ITT.

(2) At 071930H Company M positions (AT 972652) received about 30 rounds of small arms fire from (estimated) six VC approximately 400 meters southwest and northwest vicinity AN TRACH (2) (AT 971649) and (AT 969655). The Marines returned small arms fire and a squad was maneuvered into the area to search. At 071940H a Company M platoon CP (AT 971653) received about four rounds of small arms from a VC position across (west of) the SONG YEN. The Marines directed about fifty rounds of small arms and two rounds 81mm (HE) at the VC; two men were observed running south along the near (east) side of the river; not fired on because a Marine squad was searching in the area. Search for VC casualties met with negative results from both incidents.

(3) At 071935H Company I positions on Hill 55 vicinity (AT 970620) received ten rounds of carbine fire from the northwest, below XUAN DE (2) vicinity (AT 963624). Illuminated with tank searchlight; target not located, held fire.

(4) At about 072000H, the platoon positions (F/2/9) at HA DONG Bridge vicinity (AT 990642) received approximately six rounds of S/A fire from BICH BAC vicinity (AT 985637). The VC positions could not be located, fire was not returned.

CONFIDENTIAL

(5) At 072115H a Company F (2/9) FT ambush (BT 003664) heard noises 150 meters north (approx); suspecting a VC ambush, the Marines displaced to the north, fired two claymore mines and about 80 rounds of 7.62mm at the position. The FT then searched, found a trench but VC casualties were not evident.

(6) At 072210H the Hq Co squad at bridge #2 (AT 997699) received two rounds of sniper fire from tree line several hundred meters west vicinity PHONG LE (1) (AT 997698). Fired about 200 rounds of small arms and one round of 81mm HE at the area; searched immediate area with negative results.

(7) At 080620H a Company I squad (AT 949609), within 100 meters of intended blocking position, received 15 rounds of small arms fire in four directions. The squad established a 360° perimeter defense and directed about 600 rounds of small arms and one 3.5 WP at the surrounding tree lines and foliage suspected of concealing the VC. After VC fire ceased and a hasty search of immediate area had revealed no sign of VC casualties, the squad continued on original mission establishing a block for S/D force north of CHAU SON (2) vicinity (AT 949608).

(8) At 080955H the (Company I) platoon S/D patrol vicinity CHAU SON (2) received about 15 rounds of small arms fire from (AT 948608); patrol returned small arms and on assaulting the position, received another 15 rounds of small arms from (AT 950608). Small arms were directed at the VC and the second position assaulted. The VC had fled and no sign of casualties found. Further search of the positions, utilizing dog teams, produced one notebook, forwarded to Bn S-2.

(9) At 081055H the Company E (2/9) squad VINH DIEN River block (BT 032648) received about 30 rounds of small arms fire from Pagoda vicinity (BT 033652) on the east side of river. The Marines returned fire with about 100 rounds of small arms and scored direct hit on Pagoda with one round LAW; dispatched one fire team on LVT to search pagoda and vicinity. Search produced no VC casualties; one VC WIA (possible).

I. Operations

A. 1st Battalion, 9th Marines

(1) At about 191955H Company C, 2d Platoon PPB vicinity (BT 085634) sustained six WIA's as a result of three explosions, believed to be VC rifle grenades. The Marines directed about 200 rounds of small arms fire, a 105mm HE mission and two rounds 3.5 at the suspected VC position southwest of the PPB. A squad searched the area, negative results.

(2) At 111110H the 2d Platoon, Company A, vicinity HA QUANG (4) (BT 107647), observed four VC southwest at (BT 105645). Fired an 81mm mortar mission, and the 2d platoon conducted search of area. The VC eluded the platoon and were suspected fleeing east; Sparrow Hawk Frag Order issued 111123H, airborne 111140H, landed 111149H in LZ (BT 106647). One armed VC observed vicinity (BT 109645) was pursued with negative results. Sparrow Hawk retracted at 111234H.

B. 3d Battalion, 3d Marines

(1) At 110515H a squad, Company I, enroute to cordon position as part of platoon S/D mission, received about 20 rounds of small arms (AT 963626); VC strength estimated at ten men, positioned about 100 meters north of the squad vicinity XUAN DIEM (2) (AT 963627). The Marines returned the fire with small arms and, when VC fire ceased, checked area with negative results, then continued to cordon village.

(2) At 110755H the platoon (Company I) on S/D mission XUAN DIEM (2) grid square (AT 9662), had completed cordon of village. One squad with dog teams commenced search from south (AT 963626) to north; negative contact throughout.

(3) At 110830H a Company K squad S/D (AT 959678) located one M-26 booby trap with 10' monofilament line. Grenade found on trail tied to stick, one foot off paddy dike. Booby trap was blown in place. At 111110H (AT 961673) engineers with squad S/D found VC mine, 6"x3"x2" with friction type fuse. Mine seemed to have been discarded, no trip wire. Mine is being forwarded to Battalion S-2.

CONFIDENTIAL

(4) At 110850H a squad patrol (Company K) located and destroyed booby trapped M-26 grenade (AT 959678).

(5) At 110920H a platoon (Company M) on S/D mission vicinity THAI CAM (1), located (estimated) 2800 pounds of rice (AT 969643); half of rice left for twelve families in village, remainder marked for their future use and moved by Ontos to AN TRAC storage. (Further info, see Psy-War).

(6) At 111245H the 2d platoon, Company I, completed construction of three road blocks leading into ASP# 1 vicinity (AT 988724); also completed anti-mortar trenches.

(7) At 111400H FO Company F (2/9) controlled 105mm fire mission on squad VC with weapons (AT 959644), 38 rounds HE fired with good effect on target. Search of area produced no evidence of VC casualties.

(8) At 111405H Company L squad found and destroyed freshly dug man-size punji trap (AT 956664).

2. Plans

A. 1st Battalion, 9th Marines. Continued to exploit plans and operations as stated in SITREPS #40 and #41.

B. 3d Battalion, 3d Marines

(1) Company I

- a. Continues to clear Hill 55 of mines and duds.
- b. Installs additional concertina wire around ASP# 1.
- c. Platoon (Rein) conducts S/D operation in CHAU SON (2) (AT 947605). Tanks and one squad will support operation at (AT 957609).

(2) Company K

- a. Conducts S/D operations along east-west banks of SONG YEN near CAM NE (4) and BO BAN (2).
- b. Provides one squad as security for LVT patrol on SONG YEN, SONG TUY LOAN and SONG CAU DO.

(3) Company L conducts deliberate S/D operation in DONG PHU (1) (AT 949629).

(4) H&S Prov. Platoon (-) reinforces Company L on Hill 22 to allow Company L additional mobility south of Hill 22.

CONFIDENTIAL

3. Psy-War. There was approximately 2800 pounds of rice found in vicinity THAI CAM (AT 969643); half was left for the twelve families; half was evac for storage in AN TRACH (1) (AT 972662). Company M commander and pacification team explained to village leader that the rice was being held to keep the VC from confiscating it. Bags were marked in the presence of villagers for later reissue.
